Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
61,194,931 s	**+587,357 s**	**-971,385 s**	**60,810,903 s**

Date	Description	Amount (s)	Balance (s)
11 May	Transfer to own account: Luna	-307,666	60,887,265
	The bench in the Hall E lobby belongs to the lobby, not to you, and the Bank's surveyors have been asked to confirm it. The upkeep charge of 0.30 s is paid anyway, because you asked for it to be, and the bench has never once been empty when you arrived to sit on it. Ref. CIBT-3003-06A0-3		
14 May	Transfer to joint account	-211,666	60,675,599
	Each payment to 8564-9460-6382 comes out of the two holders' shares in the proportion the mandate sets, which both holders say they have memorised and neither has recited. The officer checked the proportion in 3002 and found it unchanged, which is the only thing either holder has asked her to check. Ref. CIBT-3003-7CDF-8		
17 May	ATM withdrawal: Luna	-172,800	60,502,799
	2 Standard days was counted by the machine at Luna, then by the Teller, and the two counts agreed. The Teller would like it known that she had hoped for a discrepancy, for the sake of the afternoon. Ref. CIBT-3003-47D7-8		
19 May	Turbulence Cover	-20,053	60,482,746
	A crossing to Luna was held 30 Standard days by a storm the carrier's log describes as "weather in the lower air". The underwriter has accepted the phrase, since the cover does not define air. Ref. CIBT-3003-15CB-3		
22 May	Payroll credit: Interworld Post	+352,777	60,835,523
	Pay for the last 31 Standard days was rounded to the nearest five seconds, the figure the employer's office has always used. The Bank's own rule would have rounded it down. The contract names the employer's rule, and the Bank has applied it. Ref. CIBT-3003-B60E-5		
30 May	ATM withdrawal: Luna	-259,200	60,576,323
	The auditors asked what the machine does with the fraction left in its drawer. It keeps it, as its instructions say, and the fraction has been carried into the next cash-time count where it belongs. Ref. CIBT-3003-46D1-1		
31 May	Interest at 4.60% APY	+234,580	60,810,903
	Your calculation in pencil at home and the officer's in ink agree on most months. On the months they do not, the officer's note says only "you were right." Interest for the 31st is one of those months. Ref. CIBT-3003-369D-8

June 3002 May 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
