Period 1–30 June 2995
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
243,485,843 s	**+2,381,221 s**	**-1,698,922 s**	**244,168,142 s**

Date	Description	Amount (s)	Balance (s)
08 Jun	Mech Veterans' Time Pension	+1,488,440	244,974,283
	The pension for 2991 was 0.30 seconds short because a rate had been carried forward from a schedule whose margin had been cut off at the printer. The printer has sent the margin back, it has been reattached, and the difference is credited below. Ref. CIBT-2995-2B98-6		
15 Jun	Slippage fee (Phobos, 4 transfers)	-3,600	244,970,683
	Slippage fee corrected. The 4 crossings on last month's statement were counted by the Phobos relay's clock, which had been reset without notice; the Head Office count is used instead, and the difference of 0.30 seconds has been credited. Ref. CIBT-2995-D37C-8		
21 Jun	Temporal Health Plan	-25,272	244,945,411
	You have paid the premium in exact change for 51 years, so the Teller now has the coins counted before you reach the window. The plan has asked whether you would like the change in larger units. You have said the coins are a comfort. Ref. CIBT-2995-BB4D-9		
23 Jun	Transfer to own account: Phobos	-1,324,450	243,620,961
	Rounded to the nearest 55 seconds at the holder's request, so that the sum could be said aloud at the window. The Bank has complied, though it remains of the view that a sum this size needs no help in being said. Ref. CIBT-2995-D554-3		
25 Jun	ATM withdrawal: Phobos	-259,200	243,361,761
	The withdrawal was held with the second officer's initials not yet dry, while the machine's reckoning was reconciled against the branch's. The branch's figures have been accepted, and the machine has been told so. Ref. CIBT-2995-1A96-2		
27 Jun	ATM withdrawal: Phobos	-86,400	243,275,361
	Cash-time dispensed at Phobos was counted twice, once by the machine and once by a teller, and the two counts agree to the second. The auditors asked for the check and have accepted it. Ref. CIBT-2995-FC98-7		
30 Jun	Interest at 4.40% APY	+892,781	244,168,142
	Note for the auditors: this interest was calculated by hand for 29 days, and the hand figure agreed with the machine's to the second. The machine was asked to record the agreement in its own log, and did. Ref. CIBT-2995-7E1B-6		

Closing balance, month by month

July 2994 June 2995

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
