Date	Description	Amount (s)	Balance (s)
09 Jun	Payroll credit: the Lunar Freight Co-operative	+4,968,777	993,041,510
	You come to the counter to see the Lunar Freight Co-operative credit before it posts, leave, and come back to see it after. Both visits are recorded. The Bank has no rule against looking at money twice, though it has one against counting it three times. Ref. CIBT-2976-5AAC-6		
09 Jun	Deposit: Hall E	+37,931,716	1,030,973,226
	Deposit made from the counting room of the Lunar Freight Co-operative, on your behalf, and checked here against the company's slip. The two slips agree to the second; the company's own officer has initialled both and asked that the initials be kept with the deposit. Ref. CIBT-2976-7DA3-5		
25 Jun	Slippage fee (Venus, 3 transfers)	-2,700	1,030,970,526
	Your 3 crossings sat in the far office's in-tray for 29 days, filed under the wrong week. Once found they were charged for the week they had been filed in, which the Bank considers a fair reading of where they had spent their time. Ref. CIBT-2976-DC13-1		
27 Jun	Transfer to joint account	-2,981,266	1,027,989,260
	The slippage on the transfer to 8564-8103-8664 was charged to the holder who sent it, not to the joint account, at that holder's own request. The joint account has been kept clear of it, and the holder has asked that this be recorded as a matter of principle. Ref. CIBT-2976-A5B2-0		
30 Jun	Interest at 4.10% APY	+3,375,915	1,031,365,175
	The statement shows the interest rounded to the second, though it accrued to the tenth. Your account is credited with the figure shown, and the tenths are the Bank's, as they have always been. Ref. CIBT-2976-8127-6

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
