Date	Description	Amount (s)	Balance (s)
01 Jan	Transfer to joint account	-2,981,266	775,884,590
	The Venus half of the joint account is paid in days, and the Hall E half in seconds. The two holders have agreed that the difference is a matter for the clocks and not for them, and they have not needed to agree again. Ref. CIBT-2983-F2A5-2		
09 Jan	ATM withdrawal: Venus	-172,800	775,711,790
	The monthly withdrawal at Venus is scheduled to clear a day before the 9th, so the cash is ready when you arrive. It has been ready on every occasion since 2982. Ref. CIBT-2983-3628-5		
11 Jan	Payroll credit: the Lunar Freight Co-operative	+4,968,777	780,680,567
	The Lunar Freight Co-operative pay for the month came to 4,968,777, less the staff leave fund, which is paid into a reserve each quarter and returned to you each year in a letter you have not yet opened. Ref. CIBT-2983-9152-3		
21 Jan	Deposit: Hall E	+343,574	781,024,141
	You bring your deposit to Hall E in the same bag each time, folded once at the top. You have never asked for the bag back, so the officer now keeps it on the shelf behind the window with your name on it. Ref. CIBT-2983-8A43-8		
27 Jan	ATM withdrawal: Venus	-172,800	780,851,341
	An earlier statement placed your withdrawal at Venus at the Hall E counter. It was not. The entry has been moved to the machine, where it was made, and the Bank has written to say so. Ref. CIBT-2983-A72B-0		
31 Jan	Interest at 4.10% APY	+2,661,125	783,512,466
	The usual charge on interest paid out from an account of this size has been dropped. You are shown the full sum, and the Bank keeps none of it; the custom of charging for interest is older than the account and has been retired. Ref. CIBT-2983-65BE-6
