Date	Description	Amount (s)	Balance (s)
12 Jan	Slippage fee (Venus, 2 transfers)	-1,200	920,585,995
	The slippage was rounded to the whole Standard day rather than to the crossing, which places all 2 transfers in the same day for charging. The rule is old. The Bank has never found a reason to change it, though it would not be unhappy to be given one. Ref. CIBT-2997-D635-5		
15 Jan	Transfer to own account: Venus	-56,969,034	863,616,961
	The Teller would like it noted that the form for this adjustment was completed in pencil, the ink at the counter having frozen. The Bank regards the pencil as the correct instrument for the purpose. Ref. CIBT-2997-DD61-8		
23 Jan	Transfer to joint account	-2,981,266	860,635,695
	The Teller says the two holders have never agreed on a branch to use, and that this transfer was made at the one neither of them dislikes least. Ref. CIBT-2997-0A9C-6		
26 Jan	Payroll credit: the Lunar Freight Co-operative	+4,968,777	865,604,472
	Your wages from the Lunar Freight Co-operative have been paid into this account since 2993, and the amount has moved twice, once up and once up again. The Teller has noticed the pattern and has declined to say whether she expects it to continue, which she considers a matter for the employer. Ref. CIBT-2997-94F9-5		
29 Jan	ATM withdrawal: Venus	-86,400	865,518,072
	You told the Bank in 2995 to draw One Standard day on the first Standard day of each quarter. It has been drawn on every quarter since, including the one when the concourse was closed for a holiday and the cash came from the next machine along. Ref. CIBT-2997-68CA-1		
31 Jan	Interest at 4.10% APY	+3,145,339	868,663,411
	The figure was worked out by hand, to the second, and the officer who did it asks us to confirm that it is correct. Interest is owed to that precision and no less. Ref. CIBT-2997-1A22-3

Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer.
