| Date | Description | Amount (s) | Balance (s) |
|---|---|---|---|
| 05 Jul | Slippage fee (Io, 2 transfers) | -1,200 | 637,129,702 |
| | The Teller notes that 1,200 seconds is a very small sum to be so careful about, and says she is glad someone is. Ref. CIBT-2999-1CCD-2 | | |
| 07 Jul | Payroll credit: the Lunar Freight Co-operative | +4,968,777 | 642,098,479 |
| | The Lunar Freight Co-operative figure was 0.30 seconds below the sum the employer gave us, and the Bank has added the difference back at the posted rate. The rounding clause in your terms says the wage is shown in whole seconds. It does not say which whole second. Ref. CIBT-2999-710C-0 | | |
| 07 Jul | ATM withdrawal: Io | -172,800 | 641,925,679 |
| | The withdrawal was made at Io, where the local day had already turned over, so the machine logged it under tomorrow's date and this statement shows it under today's. Both dates are correct, and the difference is 44 hours long. Ref. CIBT-2999-B2BD-1 | | |
| 19 Jul | Transfer to joint account | -2,981,266 | 638,944,413 |
| | The transfer posted on the 19th came through the Lunar Freight Co-operative's office 29 days late, because the office sent one holder's share before the other's and both holders asked the Bank to wait for the second. The incomplete figure has been struck. Ref. CIBT-2999-B1DC-1 | | |
| 27 Jul | Deposit: Hall E | +48,081,587 | 687,026,000 |
| | You stand at the window with your bag on the ledge while the count is made, and step back a single pace when it is finished, as if the ledge might want the room. The officers now leave the space clear before you reach it. Ref. CIBT-2999-2C3B-5 | | |
| 31 Jul | Interest at 4.10% APY | +2,176,863 | 689,202,863 |
| | Auditors' query: the interest for 8564-2177-9708 was credited for one period to a depositor in Io, because of a transposed digit in the account number. The depositor has returned it with the interest that had accrued while they held it, and the auditors have asked the Bank to call this a loan. Ref. CIBT-2999-72E5-8 | | |

August 2998 July 2999

*Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.*
