Date	Description	Amount (s)	Balance (s)
10 Sep	Transfer to joint account	-2,981,266	430,472,100
	Asked whether the joint account is still open, the Teller says yes, and asks whether the other holder knows. When told they do, she writes "knows" on the slip and underlines it once, for the auditors. Ref. CIBT-3000-B8A2-2		
10 Sep	Deposit: Hall E	+54,224,120	484,696,220
	You arrive, deposit and leave in the time it takes the counter to say good morning, and have done so for 29 years. The officers have a name for this, which they use among themselves and have agreed not to write down. Ref. CIBT-3000-B751-8		
21 Sep	ATM withdrawal: Nairobi Sector	-86,400	484,609,820
	The machine dispenses in whole days and rounds your request to the nearest one, so a request for One Standard day that falls 0.960 of a day short is paid as the round figure. The difference is credited to you at the Head Office rate, and it has been credited every time. Ref. CIBT-3000-7185-8		
26 Sep	Slippage fee (Nairobi Sector, 8 transfers)	-7,200	484,602,620
	The 8 crossings you make at the start of each quarter attract the fee every time. Each quarter the officer offers the slower route at a lower fee, and you have declined it every time since 2997. It will be offered again next quarter. Ref. CIBT-3000-95B4-3		
30 Sep	Interest at 4.10% APY	+1,480,965	486,083,585
	For the auditors: the balance, the rate and the number of days are printed in full on the reverse, so the figure can be rebuilt without the Bank's help. The auditors have tried it twice and asked for a third copy to check their own working. Ref. CIBT-3000-A080-2

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
