Standard Time Deposit

Zeno Fothergill
Unit 9, Pallas Ring 10

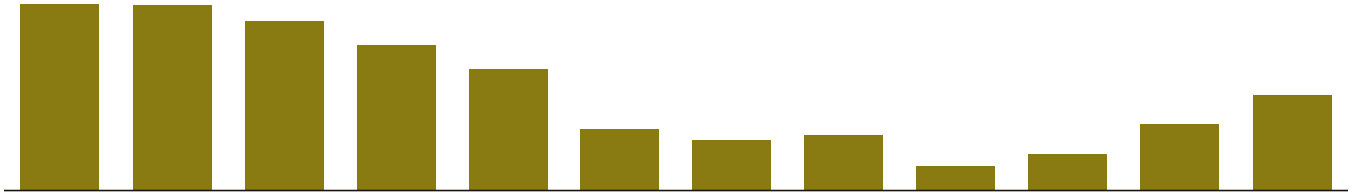

Account 8564-2177-9708
Period 1–31 August 3003
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
776,735,510 s	**+36,336,754 s**	**-3,069,466 s**	**810,002,798 s**

Date	Description	Amount (s)	Balance (s)
05 Aug	Deposit: Hall E	+28,714,131	805,449,641
	You deposit the coins loose in a cloth bag, which the counter weighs before opening it, and the officers now treat the weight as the first figure on the slip. Ref. CIBT-3003-CA3A-6		
18 Aug	Payroll credit: the Lunar Freight Co-operative	+4,968,777	810,418,418
	The Lunar Freight Co-operative rounds each month's pay down and each year's pay up, which is the only arrangement under which the year comes out even. This month is an ordinary month, and it was rounded down. Ref. CIBT-3003-9846-7		
25 Aug	ATM withdrawal: New Orleans Sector	-86,400	810,332,018
	The withdrawal was held for 28 Standard days because the local clock showed it as made on the previous day. The Bank has accepted the machine's account of the date; the sum is the sum you asked for. Ref. CIBT-3003-C2CA-7		
27 Aug	Slippage fee (New Orleans Sector, 6 transfers)	-1,800	810,330,218
	You send your transfers at first light on the first Standard morning of each week, when the relay is least crowded, and the fee is lower for it. You have sent them at that hour since 3000, and the officers have noted it without comment. Ref. CIBT-3003-ADEE-9		
30 Aug	Transfer to joint account	-2,981,266	807,348,952
	The joint interest for 29 days was computed at the old posted rate, because the change on the 30th reached New Orleans Sector a day late. Both holders asked for the difference to be shown on its own line, and it has been, in a smaller type. Ref. CIBT-3003-C997-4		
31 Aug	Interest at 4.10% APY	+2,653,846	810,002,798
	Interest accrued while the account was dormant for 8 years. The full amount has been credited, and no fee has been taken for the years in which nothing happened. Ref. CIBT-3003-1B45-8		

Closing balance, month by month

Highest 914,230,607 s · lowest 727,827,319 s

September 3002 August 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
