Standard Time Deposit

Rhea Rasmussen
Unit 186, Pallas Ring 10

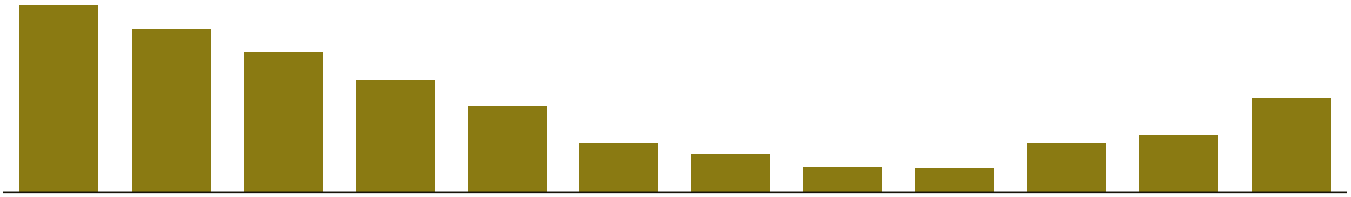

Account 8564-2610-8564
Period 1–31 July 3000
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
668,170,981 s	**+68,197,580 s**	**-3,523,023 s**	**732,845,538 s**

Date	Description	Amount (s)	Balance (s)
01 Jul	Payroll credit: Brymar College	+5,833,894	674,004,875
	For the auditors: this wage came from a remittance whose payroll number is already on the register under another employer's name. The sum agrees and the employer does not, so the entry has been kept on Brymar College's side and the register note left as found. Ref. CIBT-3000-445C-9		
03 Jul	Slippage fee (Mars Station, 4 transfers)	-1,200	674,003,675
	The 4 transfers from Hall E sat 29 Standard days in the relay queue before the clock at Mars Station agreed to count them. No fee is charged for time spent waiting to be counted, a rule the Bank wrote itself and is pleased to keep. Ref. CIBT-3000-C107-4		
23 Jul	Transfer to joint account	-3,500,336	670,503,339
	The Mars half of the joint account is kept in sols, and the transfer to 8564-3170-9919 is made on the second morning of the local day. The Bank accepts this as the same morning, seen from further off. Ref. CIBT-3000-64F0-9		
23 Jul	Temporal Health Plan	-21,487	670,481,852
	Care at Mars Station is paid under the local schedule, which counts a session as one day whether it lasts an hour or the whole of the morning. The plan accepts the local count, and asks that you not dispute it at the counter. Ref. CIBT-3000-B337-8		
23 Jul	Deposit: Hall E	+60,414,854	730,896,706
	The sum came from Brymar College's cheque run rather than your own, since Brymar College pays its staff's savings in a single figure and asks the Bank to divide it at the window. It has done this without remark since 2999. Ref. CIBT-3000-BC92-5		
31 Jul	Interest at 3.50% APY	+1,948,832	732,845,538
	The reviewer's copy of this line reproduces to the second from the balance, the rate and the period. The reviewer has noted that the balance was never in doubt, and has asked for this to be written in the margin as a sign of good health. Ref. CIBT-3000-CC6A-8		

Closing balance, month by month

Highest 893,383,021 s · lowest 610,401,134 s

August 2999 July 3000

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
