Standard Time Deposit

Pax Wetherby
Unit 79, Pallas Ring 10

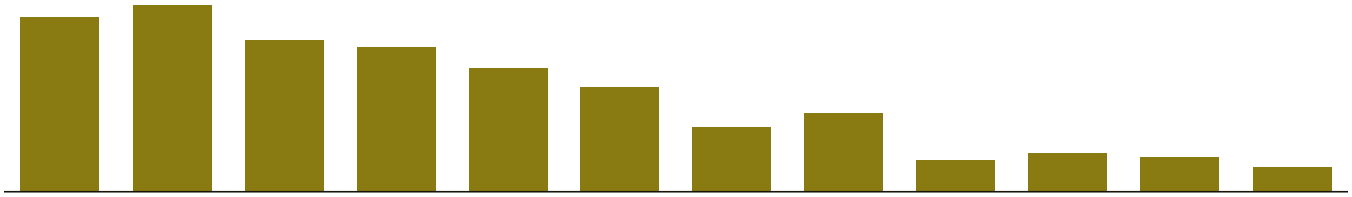

Account 8564-2680-9708
Period 1–30 April 3003
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
101,995,706 s	+1,056,148 s	-2,565,152 s	100,486,702 s

Date	Description	Amount (s)	Balance (s)
02 Apr	ATM withdrawal: Io	-86,400	101,909,306
	Your withdrawal was made at the quiet hour the Bank recommends. The custodian on duty thought it a thoughtful choice, and did not think it was a coincidence. Ref. CIBT-3003-DCE8-8		
02 Apr	Transfer to own account: Io	-2,045,455	99,863,851
	A sundry delayed 29 days by a dispute over which office should bear it. Hall E said that Io should; Io said the Bank should. The Bank has now borne it, and the charge appears here with a note that the matter is closed. Ref. CIBT-3003-F100-3		
24 Apr	Payroll credit: Interworld Post	+716,163	100,580,014
	Interworld Post has one fewer line on its payroll this period. The handling charge on the line that has gone, 0.30 seconds, is credited here, and the Bank passes the credit on without comment. Ref. CIBT-3003-BA1A-3		
25 Apr	Slippage fee (Io, 4 transfers)	-3,600	100,576,414
	The fee on a transfer sent at noon is nil, the two sides agreeing on the hour for once by the Bank's own calibration. The Teller finds this unsettling, though the relay does not. Ref. CIBT-3003-40AF-3		
29 Apr	Transfer to joint account	-429,697	100,146,717
	Your half of the joint transfer went to Io by the slower relay, at the request of Soren Fothergill, who wished to be the second to arrive. The relay was on time. Soren Fothergill was not, and has since been informed. Ref. CIBT-3003-4949-6		
30 Apr	Interest at 4.00% APY	+339,985	100,486,702
	The interest for this period was posted 30 days late. The relay that carries the rate was asked to confirm it in seconds and again in cycles, and the two answers did not match until the second morning, when they did. Ref. CIBT-3003-4F0F-8		

Closing balance, month by month

May 3002 April 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
