| Date | Description | Amount (s) | Balance (s) |
|---|---|---|---|
| 06 Oct | Deposit: Hall E | +16,273,336 | 513,521,369 |
| | The Authority Records Office pays a share of each deposit into your account on the first morning of the month, and the sum is entered before the window is open, the officers counting it by lamp. The slip arrives with a shell from a beach nobody has been able to name tucked behind it. Ref. CIBT-2993-5B2F-4 | | |
| 08 Oct | ATM withdrawal: Luna | -172,800 | 513,348,569 |
| | Your cash withdrawals at Luna are made in the same denomination every time, and the machine has been set to dispense it without a prompt. This month's 2 Standard days follows that instruction exactly. Ref. CIBT-2993-3B59-2 | | |
| 09 Oct | ATM withdrawal: Luna | -259,200 | 513,089,369 |
| | A withdrawal of 3 Standard days at Luna appears in the machine's log in the custodian's hand and not the machine's. The custodian was asked why and said the machine had been busy. Ref. CIBT-2993-F339-4 | | |
| 15 Oct | Transfer to joint account | -2,370,320 | 510,719,049 |
| | You and Quill Prendergast have moved the joint transfer by one day every year since 2990, always in the same direction, and the Bank has now moved its own calendar to match the pattern. Ref. CIBT-2993-A1C5-9 | | |
| 19 Oct | Event II restoration adjustment | -18,253 | 510,700,796 |
| | Event II restoration adjustment. Your account is in restoration group 6; groups are restored in the order the Task Force sets, and earlier groups may be adjusted again. Ref. CIBT-2993-1A2D-7 | | |
| 29 Oct | Slippage fee (Luna, 8 transfers) | -2,400 | 510,698,396 |
| | Crossings from Luna are charged in days and converted at the posted rate, which at that station has not moved in 8 quarters. Nobody there has asked whether this is a rate or a habit. Ref. CIBT-2993-16CA-0 | | |
| 31 Oct | Interest at 4.20% APY | +1,740,368 | 512,438,764 |
| | Interest for 28 days was held on the first landing, where the paperwork waits to be carried until the rate could be confirmed, since the Bank will not credit at a rate it has not yet seen posted. The rate was confirmed on the 31st, and the interest was paid in full, seconds and all. Ref. CIBT-2993-5E7E-1 | | |

### Closing balance, month by month

Highest 586,735,745 s · lowest 375,106,149 s

November 2992 — October 2993

*Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.*
