Date	Description	Amount (s)	Balance (s)
09 Mar	Transfer to joint account	-2,370,320	514,062,526
	A local holiday at Luna moved the transfer by 28 days, the office having closed for a feast it keeps on a Standard date nobody at the Bank has written down. The holders have asked that the feast be left off the mandate. Ref. CIBT-2997-72F2-4		
09 Mar	Transfer to own account: Luna	-38,750,571	475,311,955
	The Authority Records Office sent a salary advance in error. The Bank returned it, the employer sent it again, and the Bank returned that too. The third advance was accepted, and is shown here as a single line with the notes of both returns kept on file. Ref. CIBT-2997-D470-2		
13 Mar	Payroll credit: the Authority Records Office	+3,950,533	479,262,488
	The Authority Records Office credit was carried by a relay that no longer takes wages, and was brought to this branch by hand. The courier signed for it in capitals, as the office requires, and then asked for a receipt for the signature. Ref. CIBT-2997-55B8-7		
19 Mar	ATM withdrawal: Luna	-86,400	479,176,088
	The withdrawal of One Standard day was held 31 days at Luna because the receipt paper had been ordered in the wrong colour for the Standard calendar. The receipt has been reprinted, and the cash was in the drawer the whole time. Ref. CIBT-2997-E953-9		
31 Mar	Interest at 4.20% APY	+1,807,514	480,983,602
	The posted rate is set to two places and the interest to the nearest second, and the balance on the statement is then rounded to the nearest five hundred seconds for the reader's convenience. That is why the top line is always a little kinder than the one below it. Ref. CIBT-2997-7D66-0

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
