Period 1–28 February 3000
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
647,312,090 s	**+6,216,125 s**	**-60,491,779 s**	**593,036,436 s**

Date	Description	Amount (s)	Balance (s)
03 Feb	ATM withdrawal: Europa	-172,800	647,139,290
	The cash waited 30 Standard days in the relay while the Head Office considered whether a sum this regular could be trusted. It decided that it could, and released the cash with a note of apology the length of a page. Ref. CIBT-3000-CBD8-2		
06 Feb	Slippage fee (Europa, 7 transfers)	-4,200	647,135,090
	Your fee was calculated on the day the crossing finished rather than the day it began, which on this route is 31 Standard days later. The officer says this is correct, and that the relay would not agree to any other arrangement. Ref. CIBT-3000-121D-1		
09 Feb	Payroll credit: the Authority Records Office	+3,950,533	651,085,623
	Pay from the Authority Records Office at Europa was converted on the day the crew came off the line. The local office considers that the day of the wage, and the Bank considers it the day the wage could be proved. Both views are on file. Ref. CIBT-3000-F161-7		
18 Feb	Transfer to own account: Europa	-57,944,459	593,141,164
	The Bank converts a sundry from cycles by taking the posted rate to four places and rounding to two. A charge that began as a whole number may therefore end a second short of where it began, which is the rule and not an error. Ref. CIBT-3000-6697-5		
20 Feb	Transfer to joint account	-2,370,320	590,770,844
	The Teller counted the joint deposit twice, once for each holder, and got the same figure both times. She said it was the first time that had happened at her counter, and that she would like it recorded. Ref. CIBT-3000-389B-5		
28 Feb	Interest at 4.20% APY	+2,265,592	593,036,436
	Interest earned at Europa was worked in the local day and converted to ours at the close. The conversion took 0.983 s, which the line now carries as a note, not as a deduction. Ref. CIBT-3000-7525-6		

Closing balance, month by month

March 2999 February 3000

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
