| Date | Description | Amount (s) | Balance (s) |
|---|---|---|---|
| 01 Jan | Slippage fee (Kepler Ring, 4 transfers) | -1,200 | 747,266,200 |
| | You have crossed at the Kepler Ring relay on the same 1st of every month since 3004, and each time you have stood at the window for exactly the length of one crossing. The officers no longer ask whether you would like a chair. Ref. CIBT-3008-7C2B-1 | | |
| 04 Jan | Deposit: Hall E | +10,913,491 | 758,179,691 |
| | You make a deposit at the Hall E window on the same afternoon every week, usually before the bell, with the slip already filled in. The officers no longer check it and simply initial the foot. Ref. CIBT-3008-481D-8 | | |
| 12 Jan | ATM withdrawal: Kepler Ring | -172,800 | 758,006,891 |
| | Greta Kowalczyk-Eskeland asked how long the balance had been wrong. The answer was that it had never been wrong, only held on the wrong line, and that the line is now corrected. Ref. CIBT-3008-AF61-1 | | |
| 19 Jan | Transfer to joint account | -2,370,320 | 755,636,571 |
| | A note for the auditors: the transfer of 2,370,320 is shown with 2,100 seconds of interest saved against the old rate. The saving is real, but it belongs to both holders and is not to be credited to either. Ref. CIBT-3008-C8F1-5 | | |
| 20 Jan | ATM withdrawal: Kepler Ring | -86,400 | 755,550,171 |
| | One Standard day was counted by the machine at Kepler Ring, then by the Teller, and the two counts agreed. The Teller would like it known that she had hoped for a discrepancy, for the sake of the afternoon. Ref. CIBT-3008-B619-9 | | |
| 26 Jan | Payroll credit: the Authority Records Office | +3,950,533 | 759,500,704 |
| | The Authority Records Office rounds each month's pay down and each year's pay up, which is the only arrangement under which the year comes out even. This month is an ordinary month, and it was rounded down. Ref. CIBT-3008-53FC-4 | | |
| 31 Jan | Interest at 4.20% APY | +2,615,435 | 762,116,139 |
| | The interest on a deposit held in two parts is rounded for each part and the parts added, so the total can run a second above the sum of the balances. The Bank has agreed this with itself and considers the extra second a gift. Ref. CIBT-3008-A669-3 | | |

### Closing balance, month by month

Highest 917,239,104 s · lowest 679,249,374 s

February 3007 — January 3008

*Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.*
