Period 1–31 October 3010
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
515,234,076 s	**+26,538,430 s**	**-2,721,320 s**	**539,051,186 s**

Date	Description	Amount (s)	Balance (s)
07 Oct	Payroll credit: the Authority Records Office	+3,950,533	519,184,609
	Each year on the day your wage is first credited you send the Bank a card with one word on it, received, and the card goes into the file with the others. The file is now thick enough that the Teller dates it by the cards. Ref. CIBT-3010-4ADD-9		
09 Oct	Deposit: Hall E	+20,784,578	539,969,187
	Posted on the thirtieth because the slip carried the date of its signing and not the date of its arrival. It arrived on the first, and the interest runs from the first. The statement now shows both dates, one above the other. Ref. CIBT-3010-7B9E-3		
11 Oct	ATM withdrawal: Montréal Sector	-86,400	539,882,787
	Withdrawal of One Standard day at Montréal Sector. The machine dispensed the notes folded in half, as it has done since 3009. The Teller asks that it be recorded that they were folded neatly, and that the machine was not thanked. Ref. CIBT-3010-2FFC-3		
12 Oct	Transfer to joint account	-2,370,320	537,512,467
	"The joint account is the only one in the building that is never overdrawn," the Teller says, "because neither holder will allow the other to notice." She says this with approval, and asks that it be recorded as her view. Ref. CIBT-3010-DED4-3		
22 Oct	Slippage fee (Montréal Sector, 9 transfers)	-5,400	537,507,067
	On the 22nd the relay at Montréal Sector lost 43 seconds in an argument with itself. The fee on your crossing that day has been set to match, and no one has been able to tell the Bank which side won. Ref. CIBT-3010-3C9C-8		
23 Oct	ATM withdrawal: Montréal Sector	-259,200	537,247,867
	Machines at Montréal Sector round dispensing to the nearest 60 seconds, which makes the cash-time look neater than the balance it came from. The 0.990 difference is held in the machine's reserve and paid out to whichever depositor next asks for it. Ref. CIBT-3010-BB79-0		
31 Oct	Interest at 4.20% APY	+1,803,319	539,051,186
	The statement reached Hall E 28 Standard days after the interest it reports, because the interest was posted before the period it belonged to was closed, and the clerks had to agree which came first. They agreed it was the interest. Ref. CIBT-3010-B68D-0		

Closing balance, month by month

Highest 791,296,937 s · lowest 491,911,884 s

November 3009 — October 3010

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
