Period 1–30 November 3022
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
959,863,994 s	**+3,381,187 s**	**-22,653,221 s**	**940,591,960 s**

Date	Description	Amount (s)	Balance (s)
04 Nov	New Time™ exchange	+21,664	959,885,658
	An earlier line showed your recall at the rate posted on the day you first brought the holding in. The rate that applies is the one for the day it was exchanged. The explanation has been printed on the back of the statement, where it will not be needed twice. Ref. CIBT-3022-0F2C-4		
07 Nov	Transfer to own account: Mars Station	-20,108,301	939,777,357
	Your safe-deposit key was replaced at the Hall E counter. This is a sundry charge and not a fee. The old key was returned, and the new one has not been used, the Bank having no record that it was ever asked to open anything. Ref. CIBT-3022-166B-2		
14 Nov	Slippage fee (Mars Station, 6 transfers)	-1,800	939,775,557
	The Authority Records Office moved its settlement desk to Mars Station in 3020, and since then your slippage has been reckoned against that office's clock. The fee is shorter than it was, and the Bank has recorded the change without giving the reasons. Ref. CIBT-3022-0869-4		
19 Nov	ATM withdrawal: Mars Station	-86,400	939,689,157
	The machine was out of paper for 29 days at Mars Station, so the sum was carried on a manual slip and checked by hand. The slip agrees with the machine's figure, and the machine has since been given paper. Ref. CIBT-3022-726B-4		
20 Nov	Transfer to joint account	-2,370,320	937,318,837
	The Teller counted the joint deposit twice, once for each holder, and got the same figure both times. She said it was the first time that had happened at her window, and that she would like it recorded. Ref. CIBT-3022-4614-6		
22 Nov	ATM withdrawal: Mars Station	-86,400	937,232,437
	A standing instruction draws One Standard day from your account at Mars Station on the 22nd of each month, to be paid out in cash on the day. The instruction was given in 3018 and has not been revised, which the Bank regards as sound. Ref. CIBT-3022-7072-7		
30 Nov	Interest at 4.20% APY	+3,359,523	940,591,960
	This period's interest is the largest it has ever been, and the officer says she was not consulted about its size and does not propose to be. Ref. CIBT-3022-F138-5

December 3021 November 3022

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
