| Date | Description | Amount (s) | Balance (s) |
|---|---|---|---|
| 07 May | Slippage fee (New Orleans Sector, 8 transfers) | -7,200 | 847,726,059 |
| | Crossings from the Venus Cloudport are timed by a balloon's day, which the station measures by the hour it is warmest. The fee of 7,200 s is charged at an hour the station will not name, on the grounds that everyone on it already knows. Ref. CIBT-3025-9CFE-5 | | |
| 16 May | ATM withdrawal: New Orleans Sector | -86,400 | 847,639,659 |
| | Notes at New Orleans Sector come out in fives, so a sum that is not a multiple of five stays in the machine until the next customer asks for it. The Bank has agreed that the next customer is you. Ref. CIBT-3025-70B6-5 | | |
| 16 May | Deposit: Hall E | +26,517,645 | 874,157,304 |
| | The Authority Records Office deposits its staff surplus at the window in notes it has already counted twice. The Bank counts them a third time out of thoroughness, and finds them as they were when they left the office. Ref. CIBT-3025-BFB7-9 | | |
| 17 May | Transfer to joint account | -2,370,320 | 871,786,984 |
| | The 0.30 s fee on the transfer to 8564-7101-9237 was shown for a month in which it was never taken. The line has been corrected to the figure that actually moved, and the fee has been struck. Ref. CIBT-3025-18EC-3 | | |
| 31 May | Interest at 4.20% APY | +2,967,066 | 874,754,050 |
| | The Teller reads the figure out in the voice she keeps for the weather. Asked whether it is good news, she says it is the same news as last month, which is how it is best received. Ref. CIBT-3025-977B-5 | | |

June 3024 May 3025

*Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.*
