Date	Description	Amount (s)	Balance (s)
01 Aug	Slippage fee (Vancouver Sector, 5 transfers)	-4,500	565,458,820
	The crossing waited 29 days because the Settlement Reserve audited its own reserve before it would release the seconds to the relay. The audit found the reserve in order, as it always does, and the seconds went across on the 1st. Ref. CIBT-3029-DBE2-9		
04 Aug	Deposit: Hall E	+38,511,229	603,970,049
	The handling charge on this deposit has been waived, because the notes were already flat, dry and in order. The counter treats that as a service to the staff rather than to the depositor. Ref. CIBT-3029-FF1E-4		
06 Aug	ATM withdrawal: Vancouver Sector	-259,200	603,710,849
	Cash withdrawn at Hall E was counted, bundled and carried to the car park by a teller, who was then asked to carry it back. The Bank apologises for the second journey and has credited the walking as interest. Ref. CIBT-3029-E8CA-3		
09 Aug	ATM withdrawal: Vancouver Sector	-86,400	603,624,449
	The Authority Records Office pays your wages into this account on the last working day, and you draw One Standard day from the machine at Vancouver Sector the same afternoon, before the transfer has settled. The payroll office calls this the most reliable arrangement it has seen on any world. Ref. CIBT-3029-04E2-5		
30 Aug	Transfer to joint account	-2,370,320	601,254,129
	The auditors' sample for the quarter included this joint account. Both specimen signatures match the mandate, and the mandate matches the account, which the auditors ask us to record as a result and not a coincidence. Ref. CIBT-3029-5EA8-9		
31 Aug	Interest at 4.20% APY	+1,979,121	603,233,250
	Your balance rose this month without any help from you, which the Teller describes as the only way it has ever risen for anyone. She has asked that this be printed, and it has been. Ref. CIBT-3029-64DA-5
