Period 1–30 June 3000
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
27,549,852 s	**+282,224 s**	**-719,359 s**	**27,112,717 s**

Date	Description	Amount (s)	Balance (s)
11 Jun	Slippage fee (London Sector, 7 transfers)	-4,200	27,545,652
	The relay's log for the 11th carries a crossing that was never sent by any branch on its books. The Bank has noted it, and the relay has noted the Bank noting it. Ref. CIBT-3000-59F6-9		
13 Jun	Transfer to joint account	-122,500	27,423,152
	You have never sent the joint transfer from the same branch twice in a row. The officer has noted that you alternate by the week, and the Bank regards this as a fair division of the counter. Ref. CIBT-3000-27AA-0		
14 Jun	ATM withdrawal: London Sector	-259,200	27,163,952
	The fee on a withdrawal at London Sector is charged on the sum rounded up to the next day, so 0.941 of a day taken from the machine is charged as a whole one. The charge is small, and the Bank has been asked not to make it larger. Ref. CIBT-3000-F65E-1		
20 Jun	Transfer to own account: London Sector	-325,954	26,837,998
	A sundry was posted twice, once in days and once in seconds, because the London Sector desk sent its slip in both forms and the Bank read both. The duplicate has been removed. The desk has been asked to send one form, and has replied that the second is how it knows the first is its own. Ref. CIBT-3000-8519-0		
26 Jun	Turbulence Cover	-7,505	26,830,493
	The carrier held the boat at the quay for 16 minutes while its passengers finished a long conversation about the sky. The Cover records the minutes as delay, the passengers as company, and pays the minutes alone. Ref. CIBT-3000-9F31-2		
29 Jun	Payroll credit: Cloudport Aerostat Lines	+204,167	27,034,660
	The 0.30 s conversion charge on this Cloudport Aerostat Lines wage was refunded. The converter's own office sent a note explaining that it had converted at the rate it was given and had not thought to ask whether the rate was for the day or the week, which it now has. Ref. CIBT-3000-ED9C-6		
30 Jun	Interest at 3.40% APY	+78,057	27,112,717
	The interest for 30 days was held up because the Rate Committee's table was printed in days and had to be turned back into seconds by a clerk who was not sure which way the conversion ran. It ran the right way once it was checked, and the clerk has requested a column in the table to say which way. Ref. CIBT-3000-0699-1

July 2999 June 3000

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
