Period 1–30 April 3003
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
30,934,042 s	**+291,813 s**	**-1,912,364 s**	**29,313,491 s**

Date	Description	Amount (s)	Balance (s)
04 Apr	Transfer to joint account	-122,500	30,811,542
	Each transfer to 8564-5342-2052 is made on the 4th, and each is followed within a week by a letter from Zeno Bellweather thanking the officer for it. The officer has kept them all, in order. Ref. CIBT-3003-18AE-7		
05 Apr	ATM withdrawal: São Paulo Sector	-259,200	30,552,342
	The amount on the 5th was first sent as 3 Standard days, which was the machine's estimate, made before the relay had confirmed the balance. The confirmed sum is the one on this line, and the estimate has been struck from the record. Ref. CIBT-3003-3898-8		
05 Apr	Transfer to own account: São Paulo Sector	-1,269,364	29,282,978
	The transfer from Zeno Bellweather was sent with a reference in days and a sum in seconds, and the clerk at Hall E asked for both to be the same. They were not. The sum has been posted as sent, and the reference has been left as it came. Ref. CIBT-3003-17FF-2		
08 Apr	Slippage fee (São Paulo Sector, 7 transfers)	-2,100	29,280,878
	A crossing that begins at the São Paulo Sector relay is charged on the day it starts on Mars, which is not always the day it ends on Earth. The Teller has explained this twice, and the Bank regards it as settled. Ref. CIBT-3003-E601-8		
17 Apr	ATM withdrawal: São Paulo Sector	-259,200	29,021,678
	The Audit Committee sampled this line and asked for the machine's own timestamp to be set against the branch's. The two differ by 22 seconds, which is within the tolerance set for the concourse and is recorded as tolerated, not as explained. Ref. CIBT-3003-341A-5		
18 Apr	Payroll credit: Cloudport Aerostat Lines	+204,167	29,225,845
	Cloudport Aerostat Lines pays on the 18th of the month, or on the day after if that is a rest day for its office. The credit has never once been posted on the rest day itself, which the Bank finds reassuring. Ref. CIBT-3003-3312-9		
30 Apr	Interest at 3.40% APY	+87,646	29,313,491
	The Ceres branch pays interest on a day slightly longer than ours, so this line covers more of the Bank's calendar than the line above it. Both are correct, and the depositor has been asked not to add them together. Ref. CIBT-3003-6269-3

May 3002 April 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
