Date	Description	Amount (s)	Balance (s)
09 May	Payroll credit: Ganymede Heights Infirmary	+1,122,937	152,753,588
	Each month Ganymede Heights Infirmary's payroll office sends the same figure with a slip reading "as before", and each month the Bank posts it as before. The slip has been used so long that the Bank has stamped it. Ref. CIBT-3003-503A-5		
12 May	Temporal Health Plan	-23,508	152,730,080
	A session shorter than the schedule's minimum is paid as the minimum, which on your last claim was 30 minutes of an appointment you do not remember finishing early. The plan rounded the difference up in your favour, which it regards as the least it can do for a visit that ended without anyone noticing. Ref. CIBT-3003-4EB4-7		
20 May	Deposit: Hall E	+303,424	153,033,504
	You asked that the amount not be read aloud, and the Teller agreed on condition that she be allowed to whisper it. She whispered it. It was 303,424, and you said thank you in a voice that carried to the next window. Ref. CIBT-3003-370E-1		
29 May	ATM withdrawal: Callisto	-86,400	152,947,104
	You take cycles from the machine at Callisto rather than from the counter, always the smallest denomination it offers. The officer at Hall E asked whether this is a preference or a rule. You said it was a habit, which is the same thing with less paperwork. Ref. CIBT-3003-65FE-4		
31 May	Interest at 4.80% APY	+606,522	153,553,626
	The Ceres branch counts its interest in lengths of the asteroid's own day, and converts the total to ours on the morning the day ends. The conversion is printed in small type beside the sum, and you have read it every month without remark. Ref. CIBT-3003-49D7-0

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
