Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
84,403,758 s	**+12,244,895 s**	**-659,255 s**	**95,989,398 s**

Date	Description	Amount (s)	Balance (s)
01 Sep	Transfer to joint account	-381,216	84,022,542
	The transfer to 8564-6350-6878 waited 30 days, since the officer at Hall E wished both holders to sign in the same ink, and you had each brought a different bottle; it took a morning to settle. Ref. CIBT-3003-D70A-4		
04 Sep	Slippage fee (Io, 1 transfers)	-300	84,022,242
	The relay's report for the 4th was keyed by its own day, a day ahead of the Head Office's, and the fee has been moved to the day the transfer was sent. The relay's day was never the transfer's to keep. Ref. CIBT-3003-2BBD-8		
06 Sep	Temporal Health Plan	-18,539	84,003,703
	Your premium is taken by standing order on the 6th of every month. The plan has not altered the sum since the policy began, and it notes with some satisfaction that you have not altered your cover either. Ref. CIBT-3003-14D5-0		
16 Sep	Payroll credit: St. Catherine Bakeries	+635,360	84,639,063
	This month's wage from St. Catherine Bakeries waited 29 days at Io, because the local office had a clerk on long leave and no one else held the key to the wage drawer. The drawer was opened on the 16th, and the wage was counted out in full. Ref. CIBT-3003-89FF-1		
25 Sep	ATM withdrawal: Io	-259,200	84,379,863
	A withdrawal of 3 Standard days at Io was made on a card whose number is one digit away from Account No. 0's. The machine paid it, the branch has no record of issuing the card, and the auditors have chosen, for the present, not to ask which digit. Ref. CIBT-3003-E84E-4		
25 Sep	Deposit: Hall E	+11,377,425	95,757,288
	The envelope was held over because the night safe at Hall E had been filled from the wrong end, and the officers spent the morning finding it under everyone else's. It was found with its seal intact, and the sum is credited on the day it was found, as the safe's rules require. Ref. CIBT-3003-C37A-6		
30 Sep	Interest at 3.30% APY	+232,110	95,989,398
	Rounded to the nearest second at the close of the day, this period's figure came out 26 seconds in your favour. The rounding is applied in the depositor's favour on every second day, and this was one of them. Ref. CIBT-3003-83C5-5		

Closing balance, month by month

Highest 104,945,463 s · lowest 69,387,945 s

October 3002 — September 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
