Date	Description	Amount (s)	Balance (s)
04 May	Slippage fee (Oakland Sector, 6 transfers)	-5,400	221,927,429
	A transfer to your niece at Oakland Sector, sent for her birthday in 2968, crossed at the relay's own birthday rate, which is lower than the posted one. The Bank has noted the coincidence without comment and has no further evidence to offer. Ref. CIBT-2971-4225-6		
06 May	ATM withdrawal: Oakland Sector	-259,200	221,668,229
	The machine gave you a 0.988 day in a paper wrapper, which the Teller says you accepted as though you had been expecting it since 2970. The wrapper has been filed with the receipt, where it is kept flat. Ref. CIBT-2971-CACB-6		
08 May	Transfer to own account: Oakland Sector	-6,049,714	215,618,515
	This transfer to your own account at Oakland Sector arrived 28 days after it was sent. It had been packed in a container that could not be opened until the receiving clock reached the hour written on the lid. The hour has come, and the container is open. Ref. CIBT-2971-639F-3		
16 May	Temporal Health Plan	-38,327	215,580,188
	A session on the 16th appeared twice on your last statement, once under the provider's code and once under ours. The second line has been struck; the session took place once and has been paid once. Ref. CIBT-2971-513A-9		
22 May	ATM withdrawal: Oakland Sector	-172,800	215,407,388
	Auditors checked the cash in the Oakland Sector machine against its log and found the two in agreement to the note. They have entered the machine's clock as a separate item, which the machine has asked them to keep brief. Ref. CIBT-2971-EA0F-3		
30 May	Mech Veterans' Time Pension	+356,462	215,763,850
	The Teller observes that the pension was paid in the old coin you asked for, and that the coin has been polished. She asks that this not be taken as a request. Ref. CIBT-2971-E492-9		
31 May	Interest at 4.10% APY	+758,270	216,522,120
	Interest is paid to the second at the close of each day. A day that ends on the stroke of midnight is treated as ending one second early, and the figure was checked in short strokes, as if counting to make sure. Ref. CIBT-2971-268A-6

June 2970 May 2971

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
