Teodor Castellane
Unit 312, Pallas Ring 10

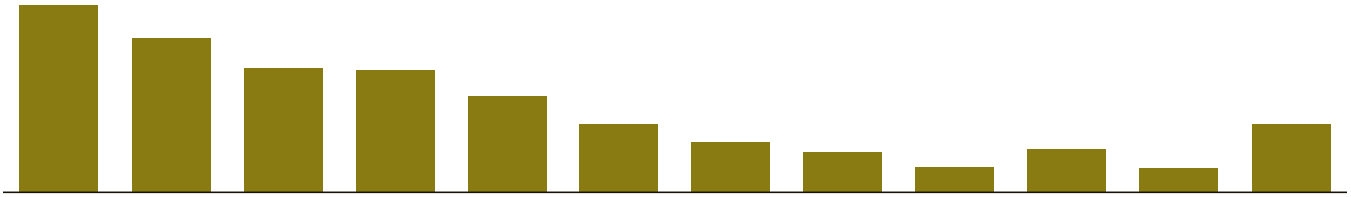

Account 8564-4181-1663
Period 1–31 March 2980
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
78,204,496 s	**+10,777,939 s**	**-303,700 s**	**88,678,735 s**

Date	Description	Amount (s)	Balance (s)
03 Mar	Payroll credit: the Europa Ice Authority	+904,497	79,108,993
	Salary credit from the Europa Ice Authority. The Europa Ice Authority has asked us to note that a cost-of-living adjustment in sols is included this month and will be shown separately from next month. Ref. CIBT-2980-53D9-0		
03 Mar	ATM withdrawal: Mars Station	-172,800	78,936,193
	On Mars Station a withdrawal is recorded when the cash leaves the dispenser, not when the card goes in, so the figure can be a second later than the one you saw on the screen. The dispenser is the authority on that world, and the Bank has accepted its figure. Ref. CIBT-2980-91AD-0		
06 Mar	Mech Veterans' Time Pension	+343,741	79,279,934
	The month printed on this pension was the month of your enlistment. It was the month of your discharge. The entry has been corrected, the pension for the period stands as paid, and the office asks that you not be surprised by the change. Ref. CIBT-2980-99A2-0		
12 Mar	Deposit: Hall E	+9,262,503	88,542,437
	The 0.30 s counter fee has been waived. The envelope was returned to you once for a missing signature, and the Bank regards a second trip to the window as its own inconvenience. Ref. CIBT-2980-6CD7-5		
17 Mar	Temporal Health Plan	-41,500	88,500,937
	Every claim is for the same physiotherapist, on the same weekday, at the same hour, and the plan has started to show your name on its schedule as a timetable, with a line for each visit. Ref. CIBT-2980-EF54-5		
27 Mar	Slippage fee (Mars Station, 5 transfers)	-3,000	88,497,937
	The slippage on the 27th was posted in minutes when it should have been posted in seconds, because the slip was filed under the holder's first name. The correction is 0.30 s, and the line has been restated to match. Ref. CIBT-2980-8271-1		
30 Mar	ATM withdrawal: Mars Station	-86,400	88,411,537
	On the first morning of each quarter you ask for One Standard day, and then, before the cash comes out, ask the machine to read your account name back to you. The machine has learned to say it slowly, which you appear to need. Ref. CIBT-2980-F36A-1		
31 Mar	Interest at 4.10% APY	+267,198	88,678,735
	Interest accrued while the account was dormant for 10 years. The full amount has been credited, and no fee has been taken for the years in which nothing happened. Ref. CIBT-2980-7492-5		

Closing balance, month by month

Highest 117,200,683 s · lowest 78,204,496 s

April 2979 — March 2980

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
