Date	Description	Amount (s)	Balance (s)
05 Dec	Payroll credit: the Europa Ice Authority	+904,497	137,375,297
	An earlier wage line was shown in cycles and should have been in seconds. It has been restated in seconds. The total is the same, although the figure now runs to a good many more digits. Ref. CIBT-2985-1312-5		
16 Dec	Deposit: Hall E	+3,861,266	141,236,563
	The deposit was held 28 days at Hall E because the envelope had been sealed with the wax of the wrong day, and the wax was sent back to the bench to be recast. The sum earns from the day it was sealed, which the bench says is the correct day, though the wax disagrees. Ref. CIBT-2985-E3A9-8		
19 Dec	ATM withdrawal: Europa	-86,400	141,150,163
	Where a withdrawal falls between two whole cycles the machine pays the lower and reports the higher. The Bank has posted the lower, which is the sum you received, and keeps the higher on the machine's own roll. Ref. CIBT-2985-3380-2		
19 Dec	Temporal Health Plan	-28,444	141,121,719
	The Teller notes that the claim form was completed in pencil, which the plan accepts, and in capitals, which it does not require but which saved the clerk a squint. Ref. CIBT-2985-25CB-2		
20 Dec	Mech Veterans' Time Pension	+438,867	141,560,586
	The Ganymede desk pays your pension against a receipt that goes back to the Head Office on the following ship, so the Office holds your payment for a day before it learns you have it. The Office says this is the ship's business, and it has never seen the ship. Ref. CIBT-2985-CE06-4		
31 Dec	Interest at 4.10% APY	+466,275	142,026,861
	The posted rate was last set in 2983 and has been printed each month since, with a note in the Rate Committee's hand that the figure has not been reconsidered. The note is very small, and the hand has not changed. Ref. CIBT-2985-9489-8
