Period 1–30 June 2986
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
155,306,295 s	**+2,249,632 s**	**-199,807 s**	**157,356,120 s**

Date	Description	Amount (s)	Balance (s)
01 Jun	Temporal Health Plan	-24,907	155,281,388
	Every claim you file goes in on the same weekday, usually before the clinic has finished writing up the notes. The plan's officer asks whether you would like the claim to wait for the notes; you have said you would rather be early than right. Ref. CIBT-2986-A21F-1		
04 Jun	Payroll credit: the Europa Ice Authority	+904,497	156,185,885
	You count the Europa Ice Authority credit at the counter in whole sols, then ask for the fraction in seconds, and the officer gives it to you with the air of someone who has been asked the same question for years. Ref. CIBT-2986-BFE6-6		
04 Jun	ATM withdrawal: Mars Station	-86,400	156,099,485
	Your withdrawal of One Standard day at the Mars Station machine was drawn on the account your employer pays into, at the employer's request, so that the wages are available on the day they arrive. Ref. CIBT-2986-F2CD-2		
05 Jun	Mech Veterans' Time Pension	+378,783	156,478,268
	The pension paid on the 5th was for the month before, because the officer who keyed it had the calendar open at the wrong page. The month has been corrected and the sum is unchanged; the calendar has been replaced. Ref. CIBT-2986-B85A-7		
09 Jun	Deposit: Hall E	+435,723	156,913,991
	The conversion fee on this deposit has been waived. It was made in sols, which need no conversion at Hall E, and the Bank does not charge for a conversion that was never needed. Ref. CIBT-2986-54E5-4		
13 Jun	ATM withdrawal: Mars Station	-86,400	156,827,591
	The receipt printed at Mars Station on the 13th, but the withdrawal was not recorded until 28 days later. The machine had been asked to hold its entries until the local day closed, and it did. The receipt also carries a second reference that belongs to an account with no holder's name; the custodian has filed it with the first. Ref. CIBT-2986-8CF4-2		
28 Jun	Slippage fee (Mars Station, 7 transfers)	-2,100	156,825,491
	Your wages are earned on the Standard day and paid on the local one, and the crossing between them is charged at the rate for the day on which the wage was earned. The employer's office describes this as the only sum it has ever paid in advance. Ref. CIBT-2986-0B69-2		
30 Jun	Interest at 4.10% APY	+530,629	157,356,120
	This account was checked against the Audit Committee's list of balances that earn more than they should. It is not on the list. The Committee asks that it be noted that it did look. Ref. CIBT-2986-DD91-9		

Closing balance, month by month

July 2985 June 2986

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
