Period 1–31 March 2991
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
217,462,279 s	**+2,112,659 s**	**-1,944,288 s**	**217,630,650 s**

Date	Description	Amount (s)	Balance (s)
06 Mar	Slippage fee (Singapore Sector, 3 transfers)	-2,700	217,459,579
	Your 3 crossings each waited 29 Standard days at the Singapore Sector relay for its local clock to agree that the day had begun. You were charged for the crossing and not the wait, which the Bank regards as the more reasonable arrangement. Ref. CIBT-2991-DDAB-0		
11 Mar	ATM withdrawal: Singapore Sector	-86,400	217,373,179
	The machine rounds a request to the nearest five seconds, then rounds the result to the nearest minute, and it is the second rounding that appears on the receipt. The 0.974 lost between the two was never yours to claim. Ref. CIBT-2991-1C39-7		
11 Mar	Transfer to own account: Singapore Sector	-1,577,272	215,795,907
	The sundry rate for days converted at Singapore Sector is applied to the nearest whole day each quarter, as the schedule requires. The remainder of 0.970 is paid back into 8564-4181-1663, the account it came from. Ref. CIBT-2991-5439-6		
17 Mar	Temporal Health Plan	-18,716	215,777,191
	Reimbursement at Singapore Sector is worked out on the local rate and rounded to the nearest quarter. Your figure falls on a quarter and has been paid at the lower of the two, as the schedule requires. Ref. CIBT-2991-215C-2		
18 Mar	Mech Veterans' Time Pension	+465,166	216,242,357
	Every month the pension is paid into 8564-4181-1663, and the same sum leaves it that afternoon for a veterans' fund you set up in 2990. The fund has written to thank you for not asking it to round the sum up. Ref. CIBT-2991-2C58-9		
27 Mar	Payroll credit: the Europa Ice Authority	+904,497	217,146,854
	The Europa Ice Authority remittance shows a sum one day above the contract figure, which the payroll office puts down to an extra shift worked during a clock change. The officer checked the shift against the roster and found it there, in a hand nobody on the roster admits to. Ref. CIBT-2991-D07F-4		
27 Mar	ATM withdrawal: Singapore Sector	-259,200	216,887,654
	This withdrawal fell exactly on a half-second, which the machine rounds up and the branch rounds down, so the account is debited 3 Standard days and the difference is the width of a hair. Ref. CIBT-2991-11EF-0		
31 Mar	Interest at 4.10% APY	+742,996	217,630,650
	Your employer's pay was credited on the 31st, and interest on it was reckoned from the first second of the month, a date on which the money was not yet yours. The Bank has taken the view that the wages belonged to the employer until they arrived, and so did the interest. The employer has not objected, and the difference has been credited to you as a courtesy. Ref. CIBT-2991-B3FE-9

April 2990 March 2991

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
