Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
172,955,582 s	**+999,169 s**	**-4,456,334 s**	**169,498,417 s**

Date	Description	Amount (s)	Balance (s)
02 Jun	Temporal Health Plan	-34,657	172,920,925
	The Teller has checked your receipts for 10 sessions against the clinic's copies. The two sets agree line by line, including the receptionist's note in the margin, which says "good to see you." Ref. CIBT-2992-47EB-6		
05 Jun	Mech Veterans' Time Pension	+408,238	173,329,163
	The officer slides the pension across the counter face down, as if it might object to being read in public, and waits while you turn it over. Ref. CIBT-2992-EB3A-5		
08 Jun	Transfer to own account: Bronx Sector	-4,247,077	169,082,086
	The fee for a document issued at Bronx Sector is charged in whole days and posted in the seconds of the day it was signed. You signed it at the counter, so the day is the one shown; the charge has been reckoned on the other world's clock as the form requires. Ref. CIBT-2992-864E-5		
21 Jun	Slippage fee (Bronx Sector, 2 transfers)	-1,800	169,080,286
	Slippage is rounded up to the next whole Standard day when a crossing takes any part of one. The 2 crossings on this statement took 31 days in all, which has been rounded accordingly. Ref. CIBT-2992-5BA9-5		
26 Jun	ATM withdrawal: Bronx Sector	-172,800	168,907,486
	Wren Prendergast says a machine that pays out in whole days is the Bank's way of agreeing that nobody is owed the last second. Ref. CIBT-2992-169C-1		
30 Jun	Interest at 4.10% APY	+590,931	169,498,417
	A balance of 0.990 of a day earns nothing a day, and the Bank has credited the nothing on the line where it belongs, so the statement shows that the balance was seen. Ref. CIBT-2992-DCF2-9		

Closing balance, month by month

July 2991 June 2992

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
