Opening balance	Credits	Debits	Closing balance
92,060,228 s	**+1,682,999 s**	**-1,051,403 s**	**92,691,824 s**

Date	Description	Amount (s)	Balance (s)
01 May	Mech Veterans' Time Pension	+463,963	92,524,191
	The Europa Ice Authority asked that its name appear on your pension line in full, and the Pensions Office agreed on the condition that the statement show the firm as a contributor and not as the payer. The Office notes that the two are not always the same party. Ref. CIBT-3000-C228-8		
10 May	Payroll credit: the Europa Ice Authority	+904,497	93,428,688
	Each 10th you bring the Europa Ice Authority envelope to the window unopened and wait while the Teller opens it, then count the slip aloud before taking it home. The Teller now counts along with you, under her breath, and the two counts have never differed. Ref. CIBT-3000-9713-7		
17 May	Temporal Health Plan	-16,215	93,412,473
	A booster was entered at Vancouver Sector under the date of an earlier dose, the clinic having set its records back for a regional holiday. The booster has been moved to its correct day, and the earlier date removed from your history, which is kept in pencil. Ref. CIBT-3000-C0DD-6		
23 May	Slippage fee (Vancouver Sector, 8 transfers)	-7,200	93,405,273
	The Vancouver Sector relay reckons your transfers in days, the Head Office converts them at the posted rate, and the fee is then charged once, in seconds. The two readings are not allowed to disagree, and on this statement they do not. Ref. CIBT-3000-CEE3-1		
24 May	Transfer to own account: Vancouver Sector	-1,027,988	92,377,285
	A sundry transfer to 8564-8837-5366 sat 28 days in suspense, because the receiving account was closed and reopened the same afternoon under a slightly different number. Both numbers are now in the file, and the transfer has been completed. Ref. CIBT-3000-A662-8		
31 May	Interest at 4.10% APY	+314,539	92,691,824
	Interest is rounded to the nearest second when the balance is a whole number of days, and up to the next second when it is not. The rule has applied since 2995, and no depositor has yet made it come out differently. Ref. CIBT-3000-B74D-6		

Closing balance, month by month

Highest 121,513,896 s · lowest 84,649,828 s

June 2999 May 3000

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
