Opening balance	Credits	Debits	Closing balance
99,886,840 s	**+712,163 s**	**-977,848 s**	**99,621,155 s**

Date	Description	Amount (s)	Balance (s)
05 Aug	Mech Veterans' Time Pension	+370,883	100,257,723
	The pension was paid on a Thursday, which the officer says is the day the veterans come in to argue with the schedule. You did not argue. She is still recovering from the surprise. Ref. CIBT-3000-844A-0		
05 Aug	Temporal Health Plan	-28,552	100,229,171
	You telephone the plan before you are unwell rather than after, a habit the plan has recorded as a kindness to its own files. The file has grown thin as a result, and the plan asks that you go on as you are. Ref. CIBT-3000-B390-7		
25 Aug	Transfer to own account: Mars Station	-948,396	99,280,775
	The Authority's levy on this sundry is shown on its own line, as the Authority asks. The levy was set at its second sitting that year and has not been reviewed since, which the officer notes is the Authority's own affair. Ref. CIBT-3000-9AFB-3		
30 Aug	Slippage fee (Mars Station, 1 transfers)	-900	99,279,875
	When the fee was rounded it came out 2,100 seconds below the posted rate, and the difference has been left in your favour without comment, as the rounding rule allows and nobody has thought to ask it to explain. Ref. CIBT-3000-1844-4		
31 Aug	Interest at 4.10% APY	+341,280	99,621,155
	Interest of 341,280 was rounded to the nearest hundredth of a second, the Bank's usual practice, and the hundredth not paid is carried forward without interest on it. The carried fraction has never amounted to a full second, and nobody has claimed it. Ref. CIBT-3000-63A5-8

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
