Teodor Castellane
Unit 395, Pallas Ring 10

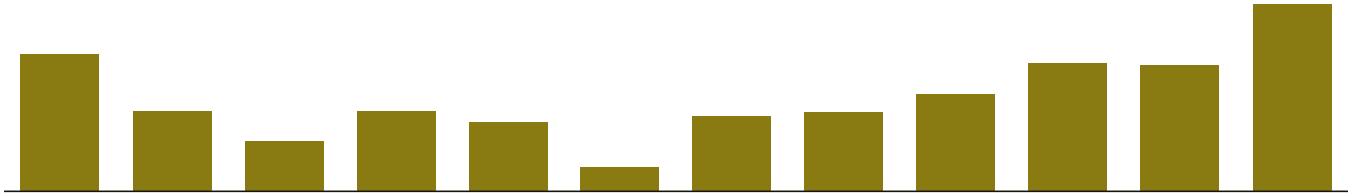

Account 8564-4181-1663
Period 1–30 September 3000
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
99,621,155 s	**+9,123,542 s**	**-291,755 s**	**108,452,942 s**

Date	Description	Amount (s)	Balance (s)
04 Sep	ATM withdrawal: Phobos	-259,200	99,361,955
	You asked the Bank to say which way the withdrawal had been rounded. It was rounded both ways, once by the machine and once by the Bank. The two roundings came to 0.987, and the Bank has kept neither. Ref. CIBT-3000-FE3E-4		
12 Sep	Slippage fee (Phobos, 4 transfers)	-1,200	99,360,755
	The slippage was rounded to the whole Standard day rather than to the crossing, which places all 4 transfers in the same day for charging. The rule is old. The Bank has never found a reason to change it, though it would not be unhappy to be given one. Ref. CIBT-3000-87C3-4		
14 Sep	Deposit: Hall E	+8,441,217	107,801,972
	Once the coins were converted, the count came to 97 d 16:46:57. The conversion was rounded to the nearest whole second, which the Bank regards as the only honest figure available for coins of mixed origin. Ref. CIBT-3000-4448-7		
17 Sep	Temporal Health Plan	-31,355	107,770,617
	The Europa Ice Authority has taken the premium from your pay for 9 years and has never asked how it is calculated. The plan sends the calculation anyway, and it is attached. Ref. CIBT-3000-9D97-2		
28 Sep	Mech Veterans' Time Pension	+341,953	108,112,570
	Before the Pensions Office would release this payment it asked for a photograph of your discharge papers, then a second photograph of the first, then the originals. The papers came back on the 28th with a receipt, which you have. Ref. CIBT-3000-014D-2		
30 Sep	Interest at 4.10% APY	+340,372	108,452,942
	Interest on the Moon side of the account is computed on the lunar day, which is nearly a month of ours, and paid out once for each half of it. The statement shows both halves, and the officer has been asked to keep them in the one pencil. Ref. CIBT-3000-3980-7		

Closing balance, month by month

October 2999 September 3000

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
