Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
177,264,056 s	**+1,327,829 s**	**-372,042 s**	**178,219,843 s**

Date	Description	Amount (s)	Balance (s)
05 May	Temporal Health Plan	-26,442	177,237,614
	The claim was filed on the margin of last month's statement and held for 31 days at the plan's own desk while a second assessor confirmed the diagnosis. The assessor agreed, and the claim went through on the 5th, which is later than you would have liked and earlier than the plan needed. Ref. CIBT-3012-9744-4		
06 May	Deposit: Hall E	+249,366	177,486,980
	An unlabelled second was found in the envelope with your deposit and has been credited to the Bank's suspense account, which keeps such items for this purpose. Your deposit itself is credited in full. Ref. CIBT-3012-DA25-4		
16 May	ATM withdrawal: Svalbard	-172,800	177,314,180
	Where a withdrawal falls between two whole days the machine pays the lower and reports the higher. The Bank has posted the lower, which is the sum you received, and keeps the higher on the machine's own roll. Ref. CIBT-3012-5B1F-6		
22 May	Mech Veterans' Time Pension	+472,811	177,786,991
	The payment was a day late because the veteran's pension book had gone to be rebound, at his own request, in a cover of the same colour as the old one. The binder had to be satisfied that the colour was right before the book could be trusted with a figure. Ref. CIBT-3012-82ED-1		
23 May	ATM withdrawal: Svalbard	-172,800	177,614,191
	"Do you mean to take the cash home," the Teller asks, "or only to look at it?" You say you mean to look at it. She says most people do, and that the machine is always pleased to be looked at. Ref. CIBT-3012-7C05-1		
31 May	Interest at 4.10% APY	+605,652	178,219,843
	The statement fee for this line is waived. Interest was credited to the second, and the Bank has never charged a depositor for a figure the Bank itself was pleased to produce. Ref. CIBT-3012-28DB-8		

Closing balance, month by month

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
