Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
2,021,340,762 s	**+144,793,150 s**	**-556,626 s**	**2,165,577,286 s**

Date	Description	Amount (s)	Balance (s)
06 Jul	Payroll credit: the Ceres Ring Assay Office	+7,443,444	2,028,784,206
	The Ceres Ring Assay Office reclassified your post in 2972, and the wage line was renamed "salary" on the remittance advice. The sum is unchanged. The Bank has altered the description and left the arithmetic where it was. Ref. CIBT-2976-D1F8-9		
10 Jul	Slippage fee (L4 Habitat, 9 transfers)	-5,400	2,028,778,806
	The relay reports slippage in fives of a second, so your 9 crossings were charged as multiples of five and the remainders kept by the relay. The remainder on this statement is 1,800 seconds, which the relay has never asked for back. Ref. CIBT-2976-1B8E-6		
11 Jul	Deposit: Hall E	+130,275,014	2,159,053,820
	A deposit was keyed on the day the envelope was sealed and again on the day it was counted, so the same sum appeared twice in one week. The line was corrected across both columns, so the two would agree, and the sum is credited once, on the earlier date. Ref. CIBT-2976-99F1-9		
16 Jul	Temporal Health Plan	-32,826	2,159,020,994
	You bring your receipts to the counter in the same envelope each month, and the Teller has begun to know the envelope before the receipts. This period's 2 claims were all paid on the first submission, which the Teller records without comment. Ref. CIBT-2976-D457-4		
28 Jul	ATM withdrawal: L4 Habitat	-259,200	2,158,761,794
	The 28th line was keyed as a deposit when it was a withdrawal, and the sign was carried into the balance. The balance has been restated. You neither gained nor lost anything that day, though the paper did for a while. Ref. CIBT-2976-40A6-5		
28 Jul	ATM withdrawal: L4 Habitat	-259,200	2,158,502,594
	The machine took 37 minutes to count out 3 Standard days, because it had been told the coins were valuable and counted each one twice. The count was correct, and the Bank has asked the machine to be less thorough without asking it to be less careful. Ref. CIBT-2976-9BD5-0		
31 Jul	Interest at 4.20% APY	+7,074,692	2,165,577,286
	The first second of each month's interest is paid to the florist at Hall E, by a standing instruction you gave in 2974. The florist sends a card with the flowers, and the Bank has never been asked to read it. Ref. CIBT-2976-2325-0		

Closing balance, month by month

Highest 2,325,031,403 s · lowest 1,906,853,919 s

August 2975 July 2976

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
