Date	Description	Amount (s)	Balance (s)
04 May	ATM withdrawal: Svalbard	-172,800	5,144,635
	The withdrawal was made at the Lunar Freight Co-operative office at Svalbard, from a machine installed for the company's own staff. The company was billed the fee and declined it, and the Bank has written the line off rather than argue the point with a staff canteen. Ref. CIBT-3029-FF1A-0		
04 May	Deposit: Hall E	+1,150,913	6,295,548
	The deposit was counted at Hall E on the 4th, recounted by a second officer, and found to agree with the envelope. Both sets of initials are on the slip, and the slip is in the file in the order the auditors asked for. Ref. CIBT-3029-78CD-2		
14 May	Transfer to joint account	-117,248	6,178,300
	Slippage on the joint transfer is nil this month. Both holders were at the counter when it was sent, which the Bank records as a crossing of no distance. Ref. CIBT-3029-8F52-5		
19 May	ATM withdrawal: Svalbard	-172,800	6,005,500
	The Lunar Freight Co-operative arranges for its staff's wages to be drawn at Svalbard on pay day, but your share goes out a day late, because your pay is credited when the firm finishes counting it. Ref. CIBT-3029-C93D-9		
27 May	Payroll credit: the Lunar Freight Co-operative	+195,414	6,200,914
	The Lunar Freight Co-operative has moved its payroll from the last working day to the first, and asks that you be told in case you had come to rely on the old one. The gap between the two dates has been paid in full, once, by the office. Ref. CIBT-3029-D9D2-9		
31 May	Interest at 4.10% APY	+18,167	6,219,081
	On Svalbard the interest is credited by the local clock, and the statement carries it across at the posted rate on the day it lands. The figure is the one the local office sends, and the local office sends it to the second. Ref. CIBT-3029-3361-1

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
