Opening balance	Credits	Debits	Closing balance
182,870,051 s	**+2,144,372 s**	**-4,943,435 s**	**180,070,988 s**

Date	Description	Amount (s)	Balance (s)
01 May	Transfer to own account: London Sector	-4,597,835	178,272,216
	The sundry charge on this statement is the same as the one on the last, down to the seconds. The Teller asks whether you would like the figure printed in the margin, so that you may check it without reading the rest. Ref. CIBT-3020-BEA0-5		
07 May	ATM withdrawal: London Sector	-259,200	178,013,016
	A withdrawal of 3 Standard days keyed at London Sector on the 7th is dated the following day, since the machine keeps the concourse's day and not the counter's. Nothing is owed on the difference, and the interest runs from the day you asked. Ref. CIBT-3020-9106-5		
11 May	Payroll credit: Harbourfront Shipping	+1,443,371	179,456,387
	Your wage from Harbourfront Shipping was rounded to the nearest whole day. The half-day not paid is recorded as owed to you by the employer, not by the Bank, which said so in writing; after a short correspondence, Harbourfront Shipping agreed. Ref. CIBT-3020-BE9A-4		
18 May	ATM withdrawal: London Sector	-86,400	179,369,987
	The machine rounded the sum to 86,400 on its own reckoning, having been given the rule and not the reasons for it. The Bank has accepted the figure as correct and has asked the maker for the reasons, which have not yet arrived. Ref. CIBT-3020-C3E6-8		
31 May	Interest at 4.60% APY	+701,001	180,070,988
	The Authority's reference second was adopted in the middle of the period, and the second half of the interest was calculated on it. The first half stands as it was, and the holder was told that the Authority had chosen the switch, which settled the matter for the holder if not for the Teller. Ref. CIBT-3020-6A0E-3

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
