Zola Ravensworth
Unit 206, Pallas Ring 10

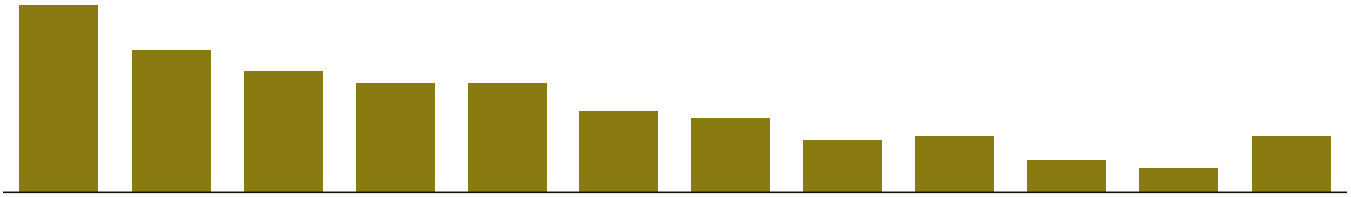

Account 8564-4792-8321
Period 1–30 June 3020
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
180,070,988 s	**+12,718,005 s**	**-522,000 s**	**192,266,993 s**

Date	Description	Amount (s)	Balance (s)
02 Jun	ATM withdrawal: Mars Station	-259,200	179,811,788
	A small withdrawal of 259,200 is taken every 29 days for the upkeep of a locker at Hall E. The locker has not been opened in that time. The sum is paid on the day the locker's own clock says it is due. Ref. CIBT-3020-9F4A-1		
05 Jun	New Time™ exchange	+22,681	179,834,469
	Your pension, paid in New Time™ for the period, was converted at the recall rate with the upgrade allowance rounded on its own line. The allowance is paid to the whole sol and the pension to the whole second. The two were never meant to be added together, so the statement shows them as two sums. Ref. CIBT-3020-4597-4		
08 Jun	Slippage fee (Mars Station, 4 transfers)	-3,600	179,830,869
	The 4 crossings were held at the Mars Station relay for 30 Standard days while its reconciler waited for a second opinion from the hall. The fee is charged on the seconds that moved, and none is charged on the seconds that waited. Ref. CIBT-3020-B3C5-4		
09 Jun	Payroll credit: Harbourfront Shipping	+1,443,371	181,274,240
	You ask every month to hear the wage read out at the counter before it is credited, and the Teller reads it in the order the employer wrote it. You listen, nod, and go. The Bank has been asked whether this is a verification and has replied that it is a reading. Ref. CIBT-3020-D983-9		
09 Jun	ATM withdrawal: Mars Station	-259,200	181,015,040
	The machine at Mars Station rounds to the whole sol as it dispenses and then, by a separate rule, rounds the account's share of the fraction to the nearest 58 seconds. The statement therefore carries two numbers where the cash carries one. Ref. CIBT-3020-2C95-4		
18 Jun	Deposit: Hall E	+10,561,681	191,576,721
	The handling charge on this deposit was not taken. The bag was sealed at the depositor's own table, and the seal had not been broken on the way across the concourse, which the officer took as the whole of the transaction. Ref. CIBT-3020-5B0E-3		
30 Jun	Interest at 4.60% APY	+690,272	192,266,993
	The usual charge on an interest line was not taken this period. The Bank has noticed that you read the charge column first, and on the strength of that habit has decided the column may stay empty for you. Ref. CIBT-3020-E09E-0		

Closing balance, month by month

Highest 241,996,706 s · lowest 180,070,988 s

July 3019 — June 3020

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
