| Date | Description | Amount (s) | Balance (s) |
|---|---|---|---|
| 01 Aug | Slippage fee (Svalbard, 3 transfers) | -1,800 | 14,834,509 |
| | Losses in transit are the only losses the Bank will admit to in writing, the Teller says, and it admits them at the posted rate and not a second more. Ref. CIBT-3002-A417-8 | | |
| 06 Aug | Mech Veterans' Time Pension | +52,745 | 14,887,254 |
| | The pension was drawn a day late, the veteran having written to explain that the window had been shut for lunch and nobody had thought to say so. The Teller observes that the pension is the one payment at this counter that has never needed a second look, and takes this as a fact about veterans rather than about herself. Ref. CIBT-3002-37E8-8 | | |
| 07 Aug | Temporal Health Plan | -26,498 | 14,860,756 |
| | Your 4 repeat prescriptions are filled on the 7th of each month by standing order, and the pharmacy at Svalbard has never once asked whether you still want them. You do, and the pharmacy has taken that as read since 3000. Ref. CIBT-3002-5DD9-3 | | |
| 07 Aug | Deposit: Hall E | +216,825 | 15,077,581 |
| | Your deposit on the 7th was shown with the wrong branch code. The amount is correct, the funds were received at Hall E, and the code has been amended to say so. Ref. CIBT-3002-09FF-2 | | |
| 10 Aug | ATM withdrawal: Svalbard | -172,800 | 14,904,781 |
| | The machine offered your balance in both units, which it does without being asked. You declined the second, and it has noted your refusal in the same tone it uses for everything. Ref. CIBT-3002-BA2D-6 | | |
| 12 Aug | ATM withdrawal: Svalbard | -259,200 | 14,645,581 |
| | The machine on the Mars concourse pays out in the local unit, which is a little longer than ours. The difference is entered on the Earth side in seconds, where the Bank keeps it on the Martian holder's behalf. Ref. CIBT-3002-18EE-0 | | |
| 18 Aug | Transfer to joint account | -96,568 | 14,549,013 |
| | The Teller asks whether the transfer to 8564-3466-4707 is the usual one. When told it is, she reads the usual amount back to you as if it might have changed in the night. Ref. CIBT-3002-B79D-3 | | |
| 31 Aug | Interest at 3.60% APY | +44,508 | 14,593,521 |
| | Interest was held back 28 days because the account was moved from Hall E to a branch on a different clock. The move was completed on the 31st, and the held interest was paid at once, in full and in arrears. Ref. CIBT-3002-36DE-9 | | |

September 3001 August 3002

*Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.*
