Opening balance	Credits	Debits	Closing balance
479,923,359 s	**+4,020,599 s**	**-3,241,338 s**	**480,702,620 s**

Date	Description	Amount (s)	Balance (s)
11 Jun	ATM withdrawal: Venus	-259,200	479,664,159
	Asked by the Committee whether the machine at Venus is ever wrong, the Teller said it was never wrong in the way the Committee meant, only in the way a person is, and that she had decided to leave the matter there. Ref. CIBT-3003-DB17-6		
12 Jun	Transfer to own account: Venus	-2,788,713	476,875,446
	The sundry rate for days converted at Venus is applied to the nearest whole day each quarter, as the schedule requires. The remainder of 0.969 is paid back into 8564-5217-8564, the account it came from. Ref. CIBT-3003-6361-6		
19 Jun	Payroll credit: Harbourfront Shipping	+2,300,874	479,176,320
	Harbourfront Shipping pays its crew at Venus in the dock's own hours, which the local office counts from each lock cycle. The Bank converts the hours into Standard seconds on arrival and does not ask the lock to explain itself. Ref. CIBT-3003-FDBB-8		
19 Jun	ATM withdrawal: Venus	-172,800	479,003,520
	On Mars the machine keeps the sol as well as the day, and your withdrawal was dated to the sol. The Bank has entered both, and the statement uses the one printed on the receipt, which is the Mars one. Ref. CIBT-3003-C04F-5		
27 Jun	Temporal Health Plan	-20,625	478,982,895
	The actuaries asked for the 6 sessions on this statement to be read against the schedule of the year they were given. The schedule was read, and the sessions were given in the year printed on them. Ref. CIBT-3003-A2A3-9		
30 Jun	Interest at 4.30% APY	+1,719,725	480,702,620
	The Teller points out that the interest is larger than the fee and smaller than the wait, which she considers a fair ratio. Ref. CIBT-3003-8509-2

July 3002 June 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
