Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
507,461,513 s	**+14,223,919 s**	**-2,278,619 s**	**519,406,813 s**

Date	Description	Amount (s)	Balance (s)
02 Sep	Temporal Health Plan	-23,133	507,438,380
	Your premium is drawn by standing order on the 2nd of each month, and has been drawn on that day since 3002. The plan now posts it a day early as a courtesy, and has asked whether you would like the courtesy extended to the cover as well. Ref. CIBT-3003-C7FA-5		
08 Sep	Transfer to joint account	-1,976,340	505,462,040
	The transfer to 8564-9583-3431 was held across the partition that divides the concourse from the strongroom until both holders had signed the new mandate. The new mandate is shorter than the old one, and the officer hopes it will be quicker to sign. Ref. CIBT-3003-93C7-8		
09 Sep	ATM withdrawal: Io	-259,200	505,202,840
	You have drawn from the machine at Io on the 9th of each month for as long as the account has been open, and each time you stand behind the same pillar while the cash comes out. The officer on the concourse has asked whether this is a view of the machine or of the concourse. You have not said which. Ref. CIBT-3003-A88F-5		
18 Sep	Slippage fee (Io, 6 transfers)	-5,400	505,197,440
	The slippage was reckoned on the transfer you made from the counter, not on the one you meant to make from the bench. The bench has no relay of its own, so the fee has been taken at the counter, where the seconds were. Ref. CIBT-3003-FCD2-3		
21 Sep	Payroll credit: Cloudport Aerostat Lines	+3,293,900	508,491,340
	The largest single credit this branch has handled this year came from Cloudport Aerostat Lines. The Teller asks that it not be mentioned at the counter, and has said so in writing, which is the only instruction on your file that she has ever given that way. Ref. CIBT-3003-2489-3		
21 Sep	Turbulence Cover	-14,546	508,476,794
	Return journeys are covered by a premium paid on the 21st and reviewed each spring, when the underwriter reads the file aloud. The file has never yet asked him to stop, and he has begun to read the small print slowly. Ref. CIBT-3003-2D6D-8		
28 Sep	Deposit: Hall E	+8,900,173	517,376,967
	Coins from the Hall E window were counted into stacks of ten and handed back in the same stacks. The Teller notes that the stacks were straighter than the depositor's handwriting. Ref. CIBT-3003-B608-2		
30 Sep	Interest at 4.80% APY	+2,029,846	519,406,813
	The 0.30 s account fee was not taken this period. The schedule charges it on balances under a floor set in 3001 and never revisited, and your balance cleared that floor by a margin the schedule did not allow for. Ref. CIBT-3003-024F-8		

Closing balance, month by month

Highest 519,406,813 s · lowest 370,744,122 s

October 3002 — September 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
