Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
7,880,341 s	**+1,650,317 s**	**-380,038 s**	**9,150,620 s**

Date	Description	Amount (s)	Balance (s)
05 Jul	ATM withdrawal: New Orleans Sector	-86,400	7,793,941
	The Audit Committee asked whether it is possible to make 3 withdrawals in a single minute on the same machine. It is. The concourse at New Orleans Sector was empty at the time, and the machine is quick. Ref. CIBT-3002-3906-7		
07 Jul	Payroll credit: Harbourfront Shipping	+113,117	7,907,058
	Your wages from Harbourfront Shipping arrive every second Friday, and the Bank has learned to expect them on the day rather than after it. The fortnight has been counted since 2997 and has never once been missed. Ref. CIBT-3002-700E-7		
11 Jul	Temporal Health Plan	-32,038	7,875,020
	The plan will not charge the handling fee on your premium while it is paid in days. The plan's view is that a member who pays in units the plan does not use has already done enough. Ref. CIBT-3002-1D3D-3		
16 Jul	Deposit: Hall E	+1,449,571	9,324,591
	The Europa branch is reached through an ice airlock with two doors, and an envelope must wait between them while the first one closes. The sum was credited when the second opened, and the officers at Europa say the wait is the only part of the transaction that cannot be made any quicker. Ref. CIBT-3002-90D0-8		
20 Jul	ATM withdrawal: New Orleans Sector	-259,200	9,065,391
	You have never drawn the same sum twice from the machine at New Orleans Sector, though you draw from it every month. The officers have a theory about this and have agreed not to test it. Ref. CIBT-3002-E658-9		
27 Jul	Mech Veterans' Time Pension	+56,108	9,121,499
	The Teller who paid this pension says the veteran asked her to count the notes in the order they were printed. She did, and the order is unchanged, which she considers the only part of the month she is able to vouch for. Ref. CIBT-3002-0A00-6		
28 Jul	Slippage fee (New Orleans Sector, 8 transfers)	-2,400	9,119,099
	A standing order for 8 crossings a fortnight has been checked by the relay's auditors and found to be correct. The fee of 2,400 seconds is unchanged, and the auditors' note that it is the only one of its kind on the register has been filed. Ref. CIBT-3002-7698-9		
31 Jul	Interest at 4.80% APY	+31,521	9,150,620
	The interest on 8564-5372-7708 was credited a day early and then, as a precaution, credited again a day late, so that the sum is correct across the two dates. The officer says the precaution has never been needed and has never been dropped. Ref. CIBT-3002-538D-5

August 3001 July 3002

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
