Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
21,061,516 s	**+253,641 s**	**-1,221,204 s**	**20,093,953 s**

Date	Description	Amount (s)	Balance (s)
15 May	Transfer to own account: Mars Station	-754,620	20,306,896
	"Nobody has ever asked for a sundry to be explained in person," the Teller says, "so I have begun explaining them to the window." The window has not objected. Ref. CIBT-3012-E31F-7		
16 May	ATM withdrawal: Mars Station	-172,800	20,134,096
	Waiting time at Mars Station depends on the customer. The machine has been taught to wait while the receipt is read, and it waits longer for slow readers, which the branch regards as the machine's most civil feature. Ref. CIBT-3012-F670-5		
16 May	Slippage fee (Mars Station, 9 transfers)	-8,100	20,125,996
	The fee on these 9 crossings was rounded down to the whole second at each crossing, not on the total. The auditors may check the figure against the Head Office sums, and the 300 seconds that rounding saved you have been returned. Ref. CIBT-3012-4CC1-3		
21 May	Payroll credit: Harbourfront Shipping	+113,117	20,239,113
	On Titan the Harbourfront Shipping wages go out with the ice-shift, so the credit arrives before the month it covers and waits in the lobby until the month catches up. Ref. CIBT-3012-5845-2		
26 May	Mech Veterans' Time Pension	+56,278	20,295,391
	A replacement pension book was issued at the wicket that sticks in wet weather without a fee, the first having gone astray on a post route the Bank no longer uses. The old book is void, and the new one is the only one on file. Ref. CIBT-3012-ADE0-8		
26 May	ATM withdrawal: Mars Station	-259,200	20,036,191
	You read the receipt aloud at the Mars Station machine, once, in a voice intended for nobody, and fold it into the wallet with the corner turned down. The printer has begun to run a little more slowly on your days, which the officer takes as an accident of the printer's. Ref. CIBT-3012-5830-6		
27 May	Temporal Health Plan	-26,484	20,009,707
	Temporal Health Plan premium. Your plan covers procedures performed out of sequence; please keep receipts dated by the provider's clock, not yours. Ref. CIBT-3012-9CDE-9		
31 May	Interest at 4.80% APY	+84,246	20,093,953
	The statement reached Hall E 30 Standard days after the interest it reports, because the interest was posted before the period it belonged to was closed, and the clerks had to agree which came first. They agreed it was the interest. Ref. CIBT-3012-2888-6

June 3011 May 3012

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
