| Date | Description | Amount (s) | Balance (s) |
|---|---|---|---|
| 09 Mar | Turbulence Cover | -12,664 | 344,998,309 |
| | The premium on the cover for Svalbard has been paid on the 9th for 7 years running, always on the first morning and always a little early. The policy has never needed the early payment, and has never once refused it. Ref. CIBT-2995-2B87-4 | | |
| 15 Mar | Temporal Health Plan | -30,161 | 344,968,148 |
| | The reimbursement for 9 sessions was paid in full, though the Plan had been asked to reduce it by the sessions you did not attend. You attended all of them, and the Plan has decided that the quarrel is between the sessions and the Plan. Ref. CIBT-2995-C875-8 | | |
| 17 Mar | ATM withdrawal: Svalbard | -172,800 | 344,795,348 |
| | The machine at Svalbard dispenses days from a drawer fitted before the station had its first oxygen plant, and nobody has asked it to change its stock. Your withdrawal was paid from that drawer, which the custodian describes as sound. Ref. CIBT-2995-5809-1 | | |
| 18 Mar | Deposit: Hall E | +19,646,068 | 364,441,416 |
| | A Positive Contact visitor paid this deposit in a unit the Bank has not yet had to name, and the officer converted it to days at the counter by a method the visitor described as obvious. The conversion is shown on the slip, and the method has been kept on file. Ref. CIBT-2995-648B-5 | | |
| 19 Mar | Slippage fee (Svalbard, 9 transfers) | -8,100 | 364,433,316 |
| | Auditors' query: the slippage on 8564-5406-7708 was reckoned on the relay's clock at Svalbard, which was re-set while the transfer was in transit. The re-set is recorded, and the auditors accept that the seconds were in the air when it happened. Ref. CIBT-2995-FAB5-1 | | |
| 28 Mar | Lyric Licensing Desk | -65,701 | 364,367,615 |
| | The officer asks whether you want a receipt for the fee or for the verse. When you say the fee, she gives you the receipt and keeps the verse, which she says she must file under the appropriate heading, and will. Ref. CIBT-2995-C6F2-8 | | |
| 30 Mar | Payroll credit: the Europa Ice Authority | +2,782,042 | 367,149,657 |
| | The Europa Ice Authority station at Svalbard pays its wages in a lump every 5 days, in a unit the station calls a shift. The Bank converts the lump into Standard days and returns the balance with a note that it is not a loan. Ref. CIBT-2995-0B33-3 | | |
| 31 Mar | Interest at 4.30% APY | +1,236,289 | 368,385,946 |
| | Interest was credited at the rate for Svalbard, which is not your rate. The correct rate has been applied, and the difference has been added to the next period. Ref. CIBT-2995-2C62-8 | | |

Highest 368,385,946 s · lowest 235,053,313 s

April 2994 — March 2995

*Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.*
