Unit 42, Pallas Ring 10

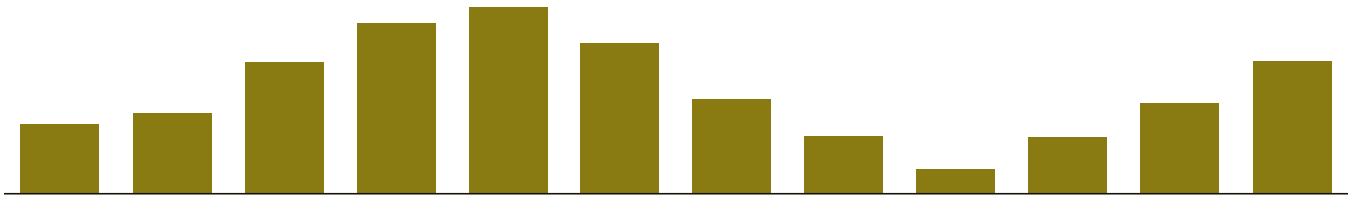

Account 8564-6418-1663
Period 1–30 June 3029
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
19,949,334 s	**+2,342,727 s**	**-172,800 s**	**22,119,261 s**

Date	Description	Amount (s)	Balance (s)
10 Jun	ATM withdrawal: Io	-86,400	19,862,934
	An earlier line showed the withdrawal at Io as One Standard day. The machine had paid out 0.977 cycle, which is the figure it uses, and the line has been re-entered in that unit so that the two agree. Ref. CIBT-3029-A5E6-7		
13 Jun	Deposit: Hall E	+2,059,893	21,922,827
	Notes on the slip were counted to the nearest whole unit, and the unit was cycle. The slip had been written in seconds, which the counter converted by a rule of its own, now pinned in the margin. Nobody is at fault, and the total is correct to the second. Ref. CIBT-3029-5AE6-7		
14 Jun	Payroll credit: the Lagrange Four Commissary	+157,977	22,080,804
	The Lagrange Four Commissary office on Mars paid a sol late, because the sol had been reset for maintenance. The wage has been converted at the rate of the sol it was earned in, not the one it arrived in, which the Bank regards as the only fair reading of a late sol. Ref. CIBT-3029-2BA9-4		
16 Jun	ATM withdrawal: Io	-86,400	21,994,404
	The 0.30 s charge on the 16th's withdrawal at Io has been struck. The machine had already charged it in its own currency, and the Bank will not charge a second time for the same seconds. Ref. CIBT-3029-9ECE-8		
20 Jun	Mech Veterans' Time Pension	+51,710	22,046,114
	The upgrade allowance on this pension is for the part refitted in the spring. The allowance was left as it was, since the refitting is recorded in the same hand as the original fitting, and that hand has never been wrong. Ref. CIBT-3029-AD66-7		
30 Jun	Interest at 4.40% APY	+73,147	22,119,261
	The 30th line applied the old rate to the whole period, although the new rate took effect 30 days in. The period has been split at the change, and the 60 seconds owed to you are credited below. Ref. CIBT-3029-D8D8-4		

Closing balance, month by month

July 3028 June 3029

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
