Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
2,307,138,066 s	**+146,694,826 s**	**-5,185,218 s**	**2,448,647,674 s**

Date	Description	Amount (s)	Balance (s)
02 Jul	Transfer to joint account	-5,183,418	2,301,954,648
	The late charge on the joint transfer was not raised. Each holder wrote separately, on the same morning, to say that they had been on time, and the Bank found the two letters to agree with one another in every particular but the handwriting. Ref. CIBT-2995-143C-6		
08 Jul	Payroll credit: the Authority Records Office	+8,639,031	2,310,593,679
	The Authority Records Office credit was held at Mars Station while the local exchange finished its own rounding, the exchange taking the whole sol and the remitter the nearest five seconds. The two did not agree until 29 days had passed, and the credit was made on the morning they did. Ref. CIBT-2995-BF01-0		
09 Jul	Deposit: Hall E	+129,019,505	2,439,613,184
	A courier brought this from the Authority Records Office's own safe, with a note that the sum was correct and that the courier had already been paid. The courier signed for it, and the signature is the only one on the file that nobody asked for. Ref. CIBT-2995-D3DB-0		
24 Jul	Slippage fee (Mars Station, 2 transfers)	-1,800	2,439,611,384
	Your wages are earned on the Standard day and paid on the local one, and the crossing between them is charged at the rate for the day on which the wage was earned. The employer's office describes this as the only sum it has ever paid in advance. Ref. CIBT-2995-CFD4-4		
31 Jul	Interest at 4.70% APY	+9,036,290	2,448,647,674
	Monthly interest was rounded to the second and the balance to the minute, so the balance shown is 51 seconds above what the interest adds up to. The officer confirms that the balance is the one you may spend and the interest is the one you were paid, and that the two are not required to agree. Ref. CIBT-2995-11B7-6		

Closing balance, month by month

August 2994 July 2995

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
