Date	Description	Amount (s)	Balance (s)
02 May	Transfer to joint account	-5,183,418	1,455,625,136
	A branch at Vancouver Sector would not open this account until both holders stood at the counter together. One of them waited there for 28 days for the other to arrive from Hall E, and the account was opened on the day they met. Ref. CIBT-3003-6BE4-9		
07 May	Slippage fee (Vancouver Sector, 6 transfers)	-1,800	1,455,623,336
	The 6 crossings were made for the Authority Records Office, whose payroll runs on the Vancouver Sector relay's clock. The fee follows the payroll, the payroll follows the relay, and the Bank has been asked to explain this to nobody in particular. Ref. CIBT-3003-3049-6		
08 May	Payroll credit: the Authority Records Office	+8,639,031	1,464,262,367
	No slippage was charged on the Authority Records Office remittance, because the sending desk and Hall E draw on one clock. A crossing that never happens cannot be billed, and nobody has tried. Ref. CIBT-3003-9024-5		
15 May	ATM withdrawal: Vancouver Sector	-86,400	1,464,175,967
	The Teller weighed the cash in her palm before she counted it, which she does not usually do, and said it weighed exactly what it should. She was not sure whether this was a compliment to the cash. Ref. CIBT-3003-D40B-2		
26 May	Deposit: Hall E	+44,720,610	1,508,896,577
	The Authority Records Office sends its quarterly deposit through this window and asks that the slip be filed under its own name and not once under the depositor's, which the window has done since 3002. The depositor has not objected, and says it is the firm's money to be filed as it likes. Ref. CIBT-3003-793F-1		
31 May	Interest at 4.70% APY	+5,721,500	1,514,618,077
	The interest on the 31st line was calculated on last month's closing balance, because the deposit had been keyed in after the figure was struck. The figure has been worked again, the 16 seconds owed are credited on the next line, and the deposit is where it was. Ref. CIBT-3003-C531-8

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
