Period 1–31 July 3003
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
49,828,388 s	**+4,150,581 s**	**-660,575 s**	**53,318,394 s**

Date	Description	Amount (s)	Balance (s)
03 Jul	Payroll credit: Interworld Post	+609,105	50,437,493
	The wage arrived in one lump, as the employer asked, and the Teller has written in the margin: one lump, not two, please note the lump. Ref. CIBT-3003-3E70-1		
09 Jul	Temporal Health Plan	-35,912	50,401,581
	You read the plan's schedule upside down. The Teller noticed, and the plan has now printed the schedule that way on the reverse of your statements, in case the upside-down reading is the correct one. Ref. CIBT-3003-3CA5-4		
19 Jul	Deposit: Hall E	+3,408,601	53,810,182
	Audit found 9 envelopes deposited on the 19th were recorded as one, because they had been sealed together. Each has since been opened, counted and entered separately, and the total is exactly what it was. Ref. CIBT-3003-8B27-5		
21 Jul	Transfer to joint account	-365,463	53,444,719
	Funds for the joint account arrived at Venus a day early, because the local office sends its share on the eve of the due date. Nothing is charged for the day; it is the relay's way of being prompt. Ref. CIBT-3003-96A0-2		
24 Jul	Memory Vault: box 23-492, quarter	-259,200	53,185,519
	Humidity on box 23-492 is rounded to the nearest whole point, not the tenth, because the sub-level gauge reads in whole points and has never been known to read otherwise. The gauge has been asked, and has not disagreed. Ref. CIBT-3003-092D-1		
31 Jul	Interest at 3.20% APY	+132,875	53,318,394
	You leave the interest on deposit until the last second of each month and then ask for it in days, which the Bank counts out for you, slowly. The interest is paid every month. The coins are a courtesy the Bank has come to enjoy. Ref. CIBT-3003-55B2-0		

Closing balance, month by month

August 3002 July 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
