Date	Description	Amount (s)	Balance (s)
02 Jul	Payroll credit: the Lagrange Four Commissary	+6,134,734	916,973,288
	The Lagrange Four Commissary wage for 28 days of night duty was paid at the night rate, which the Bank had to look up on a card kept in the employer's own desk. The card was found, and the rate on it matched the remitter's advice. Ref. CIBT-3003-1F2F-7		
03 Jul	Deposit: Hall E	+4,716,539	921,689,827
	The Lagrange Four Commissary's pension scheme pays its share into this account on the last working day of the year. The scheme has asked that the deposit be kept quiet until the following morning, and it has been. Ref. CIBT-3003-3E0A-1		
07 Jul	Memory Vault: box 17-440, quarter	-259,200	921,430,627
	The Lagrange Four Commissary has no interest in box 17-440, the Vault says, and the firm confirms this in writing each quarter, so that the register may record a disinterest on one side and a holder on the other. Ref. CIBT-3003-431A-5		
12 Jul	ATM withdrawal: Phobos	-172,800	921,257,827
	The machine's log for the 12th was checked against the custodian's count and this statement. All three agree to the unit. The one entry marked unusual records only that the cash was counted in daylight. Ref. CIBT-3003-83CB-8		
12 Jul	Turbulence Cover	-25,487	921,232,340
	The carrier held the Phobos flight for 28 days on the advice of a meteorologist who wished to see the weather again before committing to it. The claim is paid in full, and the meteorologist has been thanked in writing. Ref. CIBT-3003-5E04-0		
19 Jul	Slippage fee (Phobos, 9 transfers)	-5,400	921,226,940
	Transfers under 24 crossings are rounded to the nearest half-second on the way across, a rule the Bank introduced for small depositors so that they are never charged a second they cannot see. The rule does not apply to anybody else. Ref. CIBT-3003-729D-8		
25 Jul	ATM withdrawal: Phobos	-259,200	920,967,740
	The machine at Phobos recorded this withdrawal under the next holder's number, which ends in the same four digits as yours. The receipt was reissued with yours on it, and the other line has been cleared. Ref. CIBT-3003-06F3-1		
31 Jul	Interest at 4.70% APY	+3,567,451	924,535,191
	The interest credited on the 31st was posted against the period before, not the period it was earned in. It has been moved to the correct period and the balance restated from that date. The total for the year is unchanged. Ref. CIBT-3003-C3A6-5		

Closing balance, month by month

Highest 1,200,957,287 s · lowest 910,838,554 s

August 3002 July 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
