Date	Description	Amount (s)	Balance (s)
05 Aug	ATM withdrawal: Phobos	-172,800	16,631,064
	A line on your last statement dated this withdrawal to the day before, because the machine's clock had been set by hand after a fault. It was made on the day shown here. The machine has been set to agree with the branch clock, which took the custodian 29 Standard days and a ladder. Ref. CIBT-2995-4776-3		
16 Aug	Deposit: Hall E	+1,897,262	18,528,326
	The line for this deposit showed the holder's name one letter short, because the slip had been torn at the corner by a careless hand. The name has been restored. The Bank notes that a holder's own name is not the sort of thing one should lose at a corner, and has said so to the corner. Ref. CIBT-2995-C9A3-7		
20 Aug	ATM withdrawal: Phobos	-172,800	18,355,526
	You count the notes twice at the machine and once at the Hall E counter, and each time the total is the same. The officer reads this as thoroughness rather than anxiety, and has decided to keep the reading on file. Ref. CIBT-2995-B785-7		
23 Aug	Payroll credit: Brymar College	+382,840	18,738,366
	Brymar College has changed its name, its colour and its opinion of the Authority in the last decade, but its wage day has not moved from the last working day of the month. The payroll office describes this as the one thing it has never seen a reason to revisit. Ref. CIBT-2995-3628-8		
31 Aug	Interest at 3.90% APY	+54,612	18,792,978
	You ask the Teller at Hall E what your interest is on each visit, and the Teller tells you each time, to the second, without looking at the screen. You have not yet asked how. Ref. CIBT-2995-A1DB-5
