Period 1–31 May 2967
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
898,934,947 s	**+140,141,125 s**	**-3,627,258 s**	**1,035,448,814 s**

Date	Description	Amount (s)	Balance (s)
07 May	Temporal Health Plan	-28,076	898,906,871
	The auditors asked why 8 claims from one clinic were paid on the same day. The clinic had asked for them to be paid together, having treated the patients together in one waiting room. The plan agreed, and the auditors have asked to see the waiting room. Ref. CIBT-2967-BF62-6		
09 May	Deposit: Hall E	+137,444,321	1,036,351,192
	The slip gave the amount as 137,444,321; the counter found 4 yr 130 d. Both are the same sum in different units, and the Bank has entered it in the unit the slip was written in, as the depositor's own form requires. Ref. CIBT-2967-024F-6		
12 May	Turbulence Cover	-10,617	1,036,340,575
	Turbulence Cover, the premium rounded down to the whole day as the policy requires. The 0.993 left over goes to the reserve for delays that nobody has yet been able to name. Ref. CIBT-2967-F7E2-0		
22 May	ATM withdrawal: London Sector	-172,800	1,036,167,775
	You draw 2 Standard days at London Sector on the 22nd of every month, and the machine has begun to offer it before you have touched the keys. The custodian reports this as a courtesy of the machine's, not of the Bank's. Ref. CIBT-2967-5FAA-9		
22 May	Transfer to joint account	-3,415,165	1,032,752,610
	You and Faro Zelenko-Grisolm divide the monthly statement at the 45th line, and each of you initials a different half. The officer has accepted both halves as one document and filed them together. Ref. CIBT-2967-3C0A-7		
25 May	Slippage fee (London Sector, 1 transfers)	-600	1,032,752,010
	You watch the relay's light change from the window at Hall E before you leave the building, and only then go home. The officer on the window has come to treat the light as part of the transaction, and the Bank makes no charge for looking at it. Ref. CIBT-2967-6C02-5		
31 May	Interest at 3.60% APY	+2,696,804	1,035,448,814
	Interest on the balance is paid in arrears, which means the Bank pays you for a period you have already forgotten. You remember it on the 31st and come to the window to say so, and the Teller says the Bank had remembered it first. Ref. CIBT-2967-9A01-5		

Closing balance, month by month

Highest 1,035,448,814 s · lowest 146,436,441 s

October 2966 May 2967

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
