Opening balance	Credits	Debits	Closing balance
1,333,204,404 s	**+161,478,650 s**	**-3,987,717 s**	**1,490,695,337 s**

Date	Description	Amount (s)	Balance (s)
02 Jul	ATM withdrawal: Io	-259,200	1,332,945,204
	A withdrawal of 3 Standard days at Io appears in the machine's log in the custodian's hand and not the machine's. The custodian was asked why and said the machine had been busy. Ref. CIBT-2975-BA24-8		
04 Jul	Temporal Health Plan	-40,148	1,332,905,056
	A claim for a plaster cast was paid in full, though the cast was removed by the clinic on the 4th, a week before it was due, for reasons the clinic has described as its own. Ref. CIBT-2975-E202-2		
09 Jul	Deposit: Hall E	+157,479,037	1,490,384,093
	The notes were dry when they reached the window, and the Teller has noted it for the record. She does not say which she found more surprising: that, or the fact that it had rained. Ref. CIBT-2975-7A61-8		
17 Jul	Transfer to joint account	-3,415,165	1,486,968,928
	"Joint accounts are the only ones where the statement is read twice before anyone looks at the balance," the Teller says. "Once by each of you, and then by each of you to see that the other has." Ref. CIBT-2975-8B55-3		
23 Jul	ATM withdrawal: Io	-259,200	1,486,709,728
	A withdrawal of 3 Standard days was taken, and the machine printed 259,200 on the receipt. The two figures are the same sum in different units, and the Bank reconciled them to the second on the 23rd. Ref. CIBT-2975-0ACD-3		
25 Jul	Turbulence Cover	-14,004	1,486,695,724
	The lakes surcharge was reduced on the 25th because fog had come in over the wharf, and the carrier has not disputed the reduction, which it regards as a compliment. Ref. CIBT-2975-B4F1-2		
31 Jul	Interest at 3.60% APY	+3,999,613	1,490,695,337
	Audit has checked the monthly figure against the balance curve and finds it correct to the second. Two of the 38 roundings were made the other way, and the auditors accept both as made. Ref. CIBT-2975-4EE6-9		

Closing balance, month by month

August 2974 July 2975

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
